

# AT&T International Day Pass® for Business

Use your domestic plan while traveling abroad for a low daily fee.

With AT&T International Day Pass for Business, your organization's Corporate Responsibility Users can take their plans with them to over 200 countries. Pay \$10 per day per device only on the days they use their devices. Add it once to each user's line to make it available whenever your users travel in included countries.

<b>AT&amp;T International Day Pass for Business includes:</b>	<b>\$10/day</b> per line
<b>Data from your domestic plan<sup>1</sup></b>	<b>In included countries</b>
<b>Unlimited talk<sup>2</sup></b>	<b>From included countries to included countries and the U.S.</b>
<b>Unlimited text<sup>2</sup></b>	<b>From included countries to the world</b>

Taxes and fees are extra.

<sup>1</sup> Subject to domestic plan terms (including data and speed restrictions). If your domestic plan includes Stream Saver ([att.com/stream saver](http://att.com/stream saver)), it will apply to AT&T International Day Pass for Business.

<sup>2</sup> **Requires a domestic plan that includes unlimited talk and text.** If your domestic calling plan has capped minutes or messages, calls and texts while roaming will count against your plan's monthly allowance & may result in domestic plan overage charges.

For a list of included countries, go to [att.com/global countries](http://att.com/global countries).

**AT&T INTERNATIONAL DAY PASS® FOR BUSINESS: ELIGIBILITY:** Available to business and government customers with a qualified AT&T wireless service agreement (**Business Agreement**) and only for qualified Corporate Responsibility User (**CRU**) lines of service. Compatible device with eligible domestic postpaid wireless plan required. **ADDING TO YOUR DEVICE:** Once you add this option to your CRU device, International Day Pass for Business (**IDP**) will stay on your line until you remove it online at [att.com/myatt](http://att.com/myatt) or [att.com/premier](http://att.com/premier) (as applicable), by calling 800.331.0500, or by contacting your AT&T account representative. **DAILY FEE:** The first time you use data, make or receive a call, or send a text message in an IDP country, you'll automatically be charged a \$10 daily fee. Text messages received are rated as domestic and do not trigger a daily fee. The fee covers additional data, calls, and text messages for 24 hours from the initial use in any IDP country. You'll be charged an additional \$10 fee for all subsequent 24-hour periods in which you use data, make or receive a call, or send a text message in an IDP country, unless you remove IDP. Business and government customers with IDP are not eligible for the reduced daily fee available to consumers with IDP. However, qualified business and government customers with select unlimited wireless plans can choose to add AT&T International Day Pass for Business – Multiline (instead of IDP) to get a reduced daily fee on up to 4 lines per billing account. For eligibility and other details, see [att.com/idpbizmulti](http://att.com/idpbizmulti). **COUNTRIES:** For a list of IDP countries, go to [att.com/global countries](http://att.com/global countries). Coverage is not available in all areas. Countries and rates are subject to change without notice. **Mexico and Canada:** You will not be charged a daily fee in Mexico or Canada if you have a domestic plan that includes usage in Mexico or Canada. **DATA:** Data will be drawn from your domestic plan allowance with the same data and speed restrictions. If your domestic plan includes Stream Saver, it will apply to your IDP feature. See [att.com/stream saver](http://att.com/stream saver) for more details. **Data overage:** If you go over the amount of data in your qualified domestic plan, overage charges or data speed reduction of up to 128Kbps will apply in accordance with the terms of your domestic plan. If your data speed is slowed, all your data use, including audio and video streaming, picture and video messaging, and other types of data use will be impacted and may not work. **Incidental data usage:** Apps on your device use data even when you may not be aware. Such usage may trigger a daily fee. To avoid unintended use of IDP, turn off cellular data roaming in your device settings. **UNLIMITED TALK:** For phones only. Includes calls received in IDP countries and made from IDP countries to the U.S. and to other IDP countries. If your domestic plan does not include unlimited talk, the minutes of use will be drawn from your domestic plan's voice allowance and domestic overage charges may apply. **Calls to non-IDP countries:** Calls from IDP countries to non-IDP countries will get International Long Distance (**ILD**) charges. Pay-per-use rates apply unless your domestic plan includes these countries or you add an ILD package to your device. Rates are subject to change without notice. For details, go to [att.com/worldconnect](http://att.com/worldconnect). **UNLIMITED TEXT:** For phones only. Applies only to AT&T Short Messaging Service (**SMS**) and Multimedia Messaging Service (**MMS**) and not to other messaging services or applications like iMessage. Messages received are rated as domestic and do not trigger a daily fee. If your domestic plan does not include unlimited text, the messages you send will be drawn from your domestic plan's messaging allowance and domestic overage charges may apply. **AT&T PASSPORT®/AT&T PASSPORT® PRO:** For devices with IDP and an active AT&T Passport or AT&T Passport Pro package, IDP charges will apply in IDP countries and usage in IDP countries will not reduce the Passport or Passport Pro data allowance, trigger Passport calling charges, or offset the Passport Pro voice allowance. If you want to use Passport or Passport Pro in an IDP country, you must remove IDP. **PAY-PER-USE RATES:** Apply when traveling in countries not included in IDP and/or when you have not added a package. For rates, see [att.com/intlpprates](http://att.com/intlpprates). **SERVICE RESTRICTIONS:** International use aboard cruise ships and airlines is not included. Not available for wireless home phone services, connected vehicles, or connected devices. Pay-per-use international rates will apply.

**GENERAL:** Subject to the applicable Business Agreement. Availability, quality of coverage, and services while off-network (roaming) are not guaranteed. Additional restrictions may apply.

## AT&T International Day Pass® for Business - Travel Tips

Use your domestic plan when traveling in over 200 countries for \$10 a day. Add International Day Pass for Business to your device on an eligible wireless plan for business and/or government customers before you go, then follow these tips to help manage costs and make the most of your travels:

### How it works

While abroad, if you use data, send a text, make or accept a call, or listen to a voicemail, you will be charged \$10 to use your domestic plan for the next 24 hours. During that period you can:

- Use your domestic data plan to email, translate languages, use maps, convert currency, post on social media, book excursions, use mobile tickets and more.
- Make unlimited calls back to the U.S., to the country you're in and to other countries included in International Day Pass for Business.
- Send unlimited texts to the world. Texts received are rated as domestic and do not trigger a daily fee.

### How to help manage costs

- When you don't plan to use your phone, turn off Data Roaming in your device settings to avoid being charged for unintentional data usage.
- Save data by connecting to Wi-Fi, especially to download or send large files, and when streaming video.

### How to call, text and use data internationally

- To call or send a message back to the U.S., dial +1 followed by the 10-digit number<sup>†</sup>
- To call or send a message to another country, dial + (country code) followed by the local phone number<sup>†</sup>
- Some devices have settings that automatically add the correct prefix or country code when calling numbers stored in your Contacts. For iOS, turn on Dial Assist in your device Settings
- To use cellular data, make sure Data Roaming is turned on in your device Settings

<sup>†</sup> The "+" sign typically appears if you press and hold the "0" key on your dial pad.

**AT&T INTERNATIONAL DAY PASS FOR BUSINESS:** Coverage not available in all areas. Terms from your domestic plan apply, including Stream Saver, fees and other restrictions. If you talk, send a text, or use data in any of the included countries, you'll be charged \$10 per 24 hours per line unless you remove International Day Pass for Business. Terms subject to change. See [att.com/idpforbiz](http://att.com/idpforbiz) for details.
