AT&T PASSPORT® PRO:

Eligibility: Available only to business and government customers with a qualified wireless service agreement (**Business Agreement**). For Corporate Responsibility User (**CRU**) lines of service only. Compatible device with domestic postpaid wireless service required.

Charges: Monthly recurring charge applies on a per device basis. Package will not be prorated if canceled on or after the effective date. Package canceled prior to the effective date will not incur the charge. Requires a 1-month minimum term commitment.

Destinations: Includes talk, text, and data coverage in over 210 destinations listed at att.com/globalcountries and on select enabled international flights (**Enabled Flights**) (each, a **Passport Destination** and collectively, **Passport Destinations**). Coverage not available in all areas. Passport Destinations and rates are subject to change without notice. **Mexico and Canada:** If you have a domestic plan that includes plan usage in Mexico or Canada, usage in these countries will not diminish the Passport Pro data or talk allowance or bill Passport Pro calling charges. **Latin America:** If you are an AT&T Business Unlimited Premium customer or other qualified customer with Roam Latin AmericaSM for Business, usage in the included Latin American countries will not diminish the Passport Pro data or talk allowance or bill Passport Pro calling charges. See att.com/latamcountries for a list of included countries. **Cellular networks on select airlines:** For a list of participating airlines and Enabled Flights, go to att.com/globalcountries. Airlines and Enabled Flights are subject to change without notice. Passengers of qualifying airlines are not guaranteed to be on an Enabled Flight. Device must be on, with Airplane Mode and Wi-Fi turned off and data roaming and cellular data turned on to use airline cellular network on an Enabled Flight. Cellular service on an Enabled Flight is available only at greater than 200 nautical miles outside of the U.S. border and above 20,000 feet cruising altitude. In the event of satellite interruption or regulatory constraint, airline cellular services may be disrupted or disabled.

Data: Actual data speeds vary by device and location. If your domestic plan includes the Video Management feature, or reduces video streaming speed, the same will apply to your Passport Pro package. Data allowance must be used in bill period provided or will be forfeited. **Overage and Data Speeds:** There are no data overage charges. See att.com/VideoFeature for more details. However, if you use all your Passport package data, all data usage is slowed to a max of 256Kbps for the rest of the bill cycle. All data usage will be impacted and may not be fully functional.

Talk: For phones only. Minute allowance must be used in bill period provided or will be forfeited. **Overage:** If you use all your Passport Pro package minutes, a \$0.45 per minute charge applies to all calls dialed and accepted in Passport Destinations. **Wi-Fi Calling:** With Wi-Fi Calling, you can call back to the U.S. at no additional charge. Calls to other destinations, including the Passport Destination you're in, deplete your Passport Pro calling allowance and may be billed at the Passport Pro per minute rate.

Unlimited Text: For phones only. Applies only to AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS), and not to other messaging services or applications that use data, such as iMessage. Unless you have a domestic plan that includes unlimited text, messages received in Passport Destinations are charged at your domestic messaging rates.

International Day Pass®: For devices with an active Passport Pro package and International Day Pass (**IDP**) for Business or similar IDP offer, IDP charges will apply in IDP Destinations and usage in IDP Destinations will not diminish the Passport Pro data or talk allowance or bill Passport Pro calling charges. If you prefer to use Passport Pro in an IDP Destination, you must remove IDP.

Cruise Packages: For devices with an active AT&T Passport Pro and AT&T Cruise package, cruise ship cellular usage is rated by the AT&T Cruise package. Passport Pro charges will apply to land usage in AT&T Cruise included destinations.

International Roaming Pay-Per-Use Rates: Apply when package is removed, when traveling in destinations not included in Passport Pro and/or when you have not added a package. For international roaming pay-per-use rates, see att.com/intlpprates.
