Help control your data costs and user experience with AT&T Mobile Select™ Priority – Pooled Plans, the premium option in our AT&T Mobile Select portfolio. When we introduced AT&T Mobile Select – Pooled Plans, we helped simplify mobility for business customers with plans that offer flexible pooled data for eligible devices. We have added a premium option solely for eligible 4G LTE tablets and 4G LTE, 5G and 5G+ smartphones: AT&T Mobile Select Priority – Pooled Plans.

AT&T Mobile Select Priority – Pooled Plans offer the benefits of flexible pooled data and also let your users:

- take advantage of AT&T 5G millimeter wave (5G+) service\(^1\) and AT&T 5G low band spectrum (5G) service\(^2\), where each is available,
- get added security features through the Private Wi-Fi app for compatible smartphones, and
- use the AT&T Business Fast Track app to prioritize users’ eligible business data up to the amount of their plan’s data allowance.\(^3\)
- ban the spam with AT&T Call Protect Basic, which identifies potential spam and automatically blocks suspected fraudulent calls.\(^4\)

\(^1\) Req’s a compatible 5G+ device. 5G+ service is not avail. in most areas; it is only avail. in very limited parts of specific cities. Other restr’s apply. See att.com/5Gforyou for details.

\(^2\) Req’s a compatible 5G device. 5G service is not avail. everywhere. See att.com/5Gforyou for details.

\(^3\) Avail. solely for business data originating on and traveling over the AT&T-owned domestic 4G LTE network. Feature does not prioritize your eligible data traffic ahead of all other data traffic, as other data traffic may receive a similar or higher quality of service. Not avail. on 5G+ or 5G network. Other restr’s apply.

\(^4\) Req’s compatible smartphone. May not identify all spam/fraud calls. Other restr’s apply.
The power of the data pool

Pooled data\(^1\) can help you deal with unused data and overages across teams with different data demands under a single billing account. For example, an insurance company may have adjusters in the field who consume vast amounts of data each month. The same company may have a home office where the staff uses much less data each month.

By having all of these users in the same data pool, the surplus data from the light users can help offset the overage charges of the data-heavy users.\(^1\) What’s more, the data pool is flexible so you can customize it to fit your organization. You can have a mix of pooled plans for different devices with different data allotments, all within the same data pool.

• Users with pooled plans are added to the data pool
• Users deplete their own data allowances first and then incur overage charges at the specified rate
• If the data pool’s total under usage exceeds the total over usage at month’s end, the excess under usage is reallocated to help offset the overage charges
• As users come and go, the data pool goes up and down depending on individual contribution!

Prioritize your data with AT&T Business Fast Track

AT&T Business Fast Track gives you the ability to assign a higher priority to your business data originating on and traveling over the AT&T-owned domestic 4G LTE network.\(^2\) It’s like giving your business-critical data a fast lane during network congestion.

• On-demand app prioritizes data with the press of a button on your compatible smartphone or tablet
• Differentiated experience for data traffic, providing more predictable wireless application performance\(^4\)
• Can be used up to the data allotment of each user’s plan (prioritization does not pool)
• Can be used with a variety of business solutions including:
  • AT&T Enhanced Push-to-Talk
  • AT&T Workforce Management

Because better protection matters – Private Wi-Fi\(^5\)

AT&T Private Wi-Fi is an app that connects eligible smartphones to unencrypted public Wi-Fi with greater confidence. It provides smartphone users a Virtual Private Network (VPN) and alerts you when connecting to and using an unencrypted Wi-Fi network.

• Private Wi-Fi VPN (Virtual Private Network) – Transforms open Wi-Fi from unencrypted to encrypted by automatically creating a VPN as soon as your smartphone is connected.\(^6\)
• Private Wi-Fi Alerts – Provides threat detection and alerts in near-real time whenever a Wi-Fi vulnerability is detected on your smartphone, so you can disconnect to protect your business.

Step into the 5G world

5G technology will alter the DNA of the digital experience. It’s starting to already. And AT&T Mobile Select Priority – Pooled Plans include access to AT&T 5G mmWave (5G+) service\(^2\) and AT&T 5G low band spectrum (5G) service\(^3\), where each is available, for your capable devices.

1 Data pool can consist of CRU lines on Mobile Select Priority – Pooled Plans or Mobile Select – Pooled Plans or both within a single billing account.
2 Req’s a compatible 5G+ device. 5G+ service is not avail. in most areas; it is only avail. in very limited parts of specific cities. Other restr’s apply. See att.com/5Gforyou for details.
3 Req’s a compatible 5G device. 5G service is not avail. everywhere. See att.com/5Gforyou for details.
4 Not avail. on the 5G+ or 5G network. Feature does not prioritize data ahead of all other data traffic, which may receive a similar or higher priority level.
5 Req’s a smartphone operating on a compatible iOS or Android operating system. Not avail. outside the Domestic Coverage Area.
6 May be blocked by certain video streaming apps, in which case the data will bypass or disconnect the VPN connection.
Mobile Select Priority – Pooled Plans also feature:

- Unlimited number of domestic calls and texts
- Unlimited texting from the U.S. to over 120 countries
- Unlimited talk from the U.S. to Mexico and Canada¹
- No roaming charges for plan data, talk & text in Mexico²
- Stream Saver – streams content recognized as video at a max of 1.5 Mbps, in Standard Definition quality (about 480p), to conserve data for other business critical needs³
- AT&T Call Protect Basic, a new service designed to give your users more control over fraudulent and unwanted calls⁴:
  - Automatically detects and blocks calls from likely fraudsters;
  - Alerts users to suspected telemarketer and spam calls; and
  - Enables users to create and manage a personal block list by using the AT&T Call Protect app.

Don't need network access, data prioritization, and security features? Then check out our original AT&T Mobile Select – Pooled Plans, which feature:

- Flexible pooled data
- Unlimited number of domestic calls and texts
- International perks:
  - Unlimited texting from the U.S. to over 120 countries
  - Unlimited talk from the U.S. to Mexico & Canada¹
  - No roaming charges for plan use while in Mexico²
- Stream Saver – streams content recognized as video at a max of 1.5Mbps, in Standard Definition quality (about 480p)³
- AT&T Call Protect Basic for more control over fraudulent and unwanted calls⁴

¹ Pay-per-use rates apply to calls made to other countries.
² Compatible device required. Roaming usage may be at 2G speeds. Other restr’s apply.
³ AT&T will activate the feature for you and you may turn it off and back on at any time. Ability to stream & video resolution vary. Other restr’s apply.
⁴ Req’s a compatible VoLTE-enabled iPhone 6 or newer operating on iOS version 9.3 or higher or an AT&T HD Voice-enabled Android smartphone. May not identify all spam or fraud calls. Other restr’s apply. See att.com/features/security-apps for details.
## Build your data pool

Does your sales team need 10GB Mobile Select Priority – Pooled Plans for smartphones while your IT team needs the 3GB Mobile Select – Pooled Plan for smartphones? You can mix and match devices, plans and data allotments within the same data pool.

**Data Overage**: Pay-per-use rate of $0.000009536/KB applies.

¹ Only for use on the AT&T-owned domestic 4G LTE network up to the plan’s data allowance. Business Fast Track allotment does not pool.

² Only for compatible smartphones in Domestic Coverage Area.

³ **Data-Only Devices**: tablets, laptops, LaptopConnect/aircards, netbooks, mobile hotspot devices and select other data-only devices. Excludes routers and devices used for Wireless Wide Area Network connectivity. Pay-per-use roaming rates apply.

⁴ Available only for eligible data-only devices that are purchased at full price, on a qualified installment agreement, bring your own, or on a month-to-month term. Plan usage not available in Mexico. Pay-per-use roaming rates apply.

⁵ Basic and quick messaging phones only.
Additional AT&T Mobile Select – Pooled Plans for other devices:

You can also choose AT&T Mobile Select – Pooled Plans for other eligible devices you wish to add to your account — these plans don’t have a dedicated data allowance to contribute to the data pool, but the devices can still benefit at the end of the billing cycle from any unused data from the larger pool.

Data Overage: Pay-per-use rate of $0.000009536/KB applies.

* Connected Devices: Cameras, game consoles and select other data–only connected devices. Connected Devices have no plan usage in Mexico. Pay-per-use roaming rates apply.
** Connected Wearable: is a wireless device designed to be worn that is capable of making/receiving calls without being connected to another wireless device. Messaging requires compatible device. Connected Wearables have no plan usage in Mexico. Pay-per-use roaming rates apply.
*** WHP and AWI devices have no plan usage in Mexico. Pay-per-use roaming rates apply.

AT&T Business Fast Track is only available for use on the AT&T-owned domestic 4G LTE network.

AT&T MOBILE SELECT PREMIUM – POOLED & AT&T MOBILE SELECT – POOLED PLANS: Prices are for service only. Eligibility: Available only to business and government customers with a qualified AT&T wireless service agreement and only for their Corporate Responsibility User (CRU) lines of service. For full service terms and conditions of service, see applicable wireless service agreement, including without limitation the Additional Service- and Equipment-Related Terms found at att.com/abs-addtl-terms (Business Agreement). Monthly Service Charge Discount: If you activate a smartphone that is purchased at full price, on a qualified installment agreement, on a month-to-month term, or bring your own, the monthly service charge for your Mobile Select Priority – Pooled or Mobile Select – Pooled plan will be discounted by $25 per month as compared to the standard monthly service charge for the plan that applies if you activate a smartphone that is purchased with a 2-year service commitment. If you qualify, the monthly service charge discount will appear as a credit on your bill. Loss of Monthly Service Charge Discount with 2-year Smartphone Upgrade: If upgrading to a smartphone with a 2-year service commitment, you will lose any monthly service charge discount for that CRU line. DEVICES: Eligible devices sold separately. Installment plan charges and other device purchase costs are extra. A limit on the number of financed devices per wireless account may apply.

Tethering/Mobile Hotspot: Available for use on the AT&T-owned domestic 4G LTE network. AT&T Business Fast Track is only available for use on the AT&T-owned domestic 4G LTE network. AT&T MOBILE SELECT PREMIUM – POOLED PLANS: Prices are for service only. Eligibility: Available only to business and government customers with a qualified AT&T wireless service agreement and only for their Corporate Responsibility User (CRU) lines of service. For full service terms and conditions of service, see applicable wireless service agreement, including without limitation the Additional Service- and Equipment-Related Terms found at att.com/abs-addtl-terms (Business Agreement). Monthly Service Charge Discount: If you activate a smartphone that is purchased at full price, on a qualified installment agreement, on a month-to-month term, or bring your own, the monthly service charge for your Mobile Select Priority – Pooled or Mobile Select – Pooled plan will be discounted by $25 per month as compared to the standard monthly service charge for the plan that applies if you activate a smartphone that is purchased with a 2-year service commitment. If you qualify, the monthly service charge discount will appear as a credit on your bill. Loss of Monthly Service Charge Discount with 2-year Smartphone Upgrade: If upgrading to a smartphone with a 2-year service commitment, you will lose any monthly service charge discount for that CRU line. DEVICES: Eligible devices sold separately. Installment plan charges and other device purchase costs are extra. A limit on the number of financed devices per wireless account may apply.
over Usage amount is greater than zero), the Under Usage is allocated among CRU lines with Over Usage, resulting in per line credits on your invoice.

Usage Limitation: Plans that have a monthly service charge of less than $35 are not eligible for any CRU service discount described in the Business Agreement. Invoicing Limitation: Plans are not eligible for combined (wireless/wireline) billing.

ADDITIONAL TERMS FOR AT&T MOBILE SELECT® PRIORITY POOLED PLANS: Plans also include, for compatible devices, access to (a) the AT&T 5G mmWave (5G+) network, (b) the AT&T 5G low band spectrum (5G) network, (c) the AT&T Business Fast Track application, and (d) the Private Wi-Fi Application. Devices: Eligible smartphones and tablets sold separately. Installment plan charges and other device purchase costs are extra. A limit on the number of financed devices per wireless account may apply. 5G NETWORK ACCESS & COVERAGE: Requires a compatible 5G device. 5G service is not available in most areas; it is available only in very limited parts of specific cities. See att.com/legal/terms/5gcoverage for details. Device will display 5G+ coverages indicator when used in an area where 5G+ coverage is available. 5G+ service is available outdoors within line-of-sight of cell site only. Other restrictions apply. Stream Saver may not be available on the AT&T 5G+ network. 5G NETWORK ACCESS & COVERAGE: Requires a compatible 5G device. 5G service is not always available. Otherwise. See att.com/legal/terms/5gcoverage for details. AT&T BUSINESS FAST TRACK: Feature uses application-based quality of service network technology to give CRU lines a differentiated (i.e., enhanced versus "best effort") network experience for business data traffic originating on and traversing entirely over the AT&T-owned domestic 4G LTE network. Devices: Includes microcells, AT&T Wi-Fi service, roaming partners’ networks and AT&T 5G+ and 5G networks) during network congestion. Device Requirements: Each line requires a 4G LTE capable smartphone or tablet using the Android or iOS operating systems and the use of the AT&T Business Fast Track app (BFT App). BFT App: Allows CRUs the ability to invoke AT&T Business Fast Track on an on-demand basis for the duration of a session initiated and terminated by the CRU. CRUs must download the BFT App onto their qualified wireless devices from generally available app stores, such as Apple iTunes® and Google Play®. The BFT App requires Customer and individual CRUs to accept the terms of an End User License Agreement (EULA) prior to use. The terms of the EULA are located at att.com/adtmmobileeula. CRUs can activate an session by launching the BFT App and selecting a desired time duration, after which the session will end. During the session, all of a CRU’s data traffic will be given a higher quality of service indicator after which their data traffic will resume being treated on a “best efforts” basis, unless the session is extended by CRU Usage Limitation: Each line may use AT&T Business Fast Track only up to the amount of its plan’s data allowance; feature usage allocations do not pool and do not rollover. After data allowance is exhausted, all CRU traffic will be handled on a “best-efforts” basis until the beginning of the next billing cycle. Feature does not prioritize CRU’s data traffic ahead of all other data traffic capabilities, as other data traffic may receive a similar or higher quality of service. Feature does not provide priority access to available network resources or any priority service guarantees. The private Wi-Fi Application (PWF App): Requires a smartphone operating on a compatible commercial or Android or iOS operating system. CRUs must download the PWF App onto their compatible smartphones from generally available app stores, such as Apple iTunes® and Google Play®. The PWF App requires Customer and individual CRUs to accept the terms of a EULA prior to use. The terms of the EULA are located at att.com/privatewifitersms. PWF App may result in increased battery usage by your device. Certain PWF App features are available on a subscription basis only. Private Wi-Fi-Fi is provided on an "as is" basis with no representations of any kind and its suppliers make no warranties, express or implied, with respect to Private Wi-Fi-Fi. Limitations: Available only within the DCA. Private Wi-Fi-Fi VPN: Private Wi-Fi-Fi VPN establishes a highly secure proxy within your smartphone to encrypt unencrypted web and application data traffic as it travels over open Wi-Fi hotspots. Private Wi-Fi-Fi VPN does not guarantee complete security for your data and may be blocked by certain video streaming apps, in which case the data will bypass or disconnect the VPN connection. To help ensure the service is properly provisioned, you may be requested to enable the
“Location” feature on your smartphone. You must also separately give permission to allow the Private Wi-Fi VPN connection to be established. **Wi-Fi Alerts**: Wi-Fi Alerts notifies you when a Wi-Fi network you join with your smartphone appears to be risky or under attack. Wi-Fi Alerts automatically detects when your smartphone connects to a new network and runs a series of checks on that network to help ensure that it is behaving properly. If the network is deemed risky, the PWF App will provide you with instructions detailing how to disconnect from the network.

**All offers, promotions, pricing, terms, restrictions & conditions subject to change & may be modified, discontinued or terminated at any time without notice.**

**GENERAL WIRELESS SERVICE TERMS: Subject to applicable Business Agreement.** Service is not for resale & is intended for use primarily within the DCA. If AT&T does not enforce any of the terms or restrictions of its service offerings, it is not a waiver of the right to enforce those terms or restrictions. AT&T reserves the right to enforce all terms and restrictions at any time. AT&T determines your use of the services violates any of the applicable terms or policies found in the applicable Business Agreement, we may in our sole discretion suspend, modify, terminate, or restrict your service. **COVERAGE**: Coverage map shows high level approximation of areas included in and out of plan. For the most current coverage info for your area, check wireless.att.com/coverageviewer. Coverage may include areas that are served by unaffiliated carriers & not on AT&T's owned and operated network (off-net). Coverage is subject to change without notice. **NETWORK MANAGEMENT**: All AT&T service is subject to AT&T network management policies. See att.com/howitbandinfo for details. **OFF-NET USAGE**: International and domestic off-net (roaming) data usage may be at 2G speeds. **Excessive Off-Net Usage**: You get an off-net (roaming) usage allowance for each service. If you exceed the allowance, your service(s) may be restricted or terminated. **OTHER RESTRICTIONS & FEES**: Other restrictions apply and may result in service termination. If you purchased a device that requires a term commitment, an **Early Termination/Cancellation Fee** applies if you cancel CRU service after the first 30 days and before the CRU service term ends. See att.com/equipmentETF for details on what fee may apply for your device and how the fee is prorated over time. **Activation/upgrade fee** per line (up to $45) & deposit may apply. Credit approval may be required. AT&T reserves the right to suspend or terminate service to your account, place any non-complying device on an appropriate plan, and/or add any other required element of a plan. **Additional Monthly Fees & Taxes**: Apply per line & include Regulatory Cost Recovery Charge (up to $1.50), Administrative Fee ($1.99), & other fees which are not government-required surcharges (including without limitation a Property Tax Allotment surcharge of $0.20-$0.45 applied per CRU’s assigned number) as well as taxes. Additional one-time charges may apply. See att.com/mobilityfees for more details. For full service terms and conditions, see the Business Agreement.

To take advantage of these great offers, contact your AT&T Representative or go online at att.com/mobileselect.
