

AT&T Refer a Business offers more ways to earn up to \$10,000 per year in referral compensation

How It Works

Refer Business Customers

Earn rewards for leads that result in a new AT&T Business wireless or wireline customer. For each new wireless customer you'll receive \$25/line up to \$1,000 per referral. For each new wireline customer you'll receive a one-time payment equal to the new customer's monthly recurring charge up to \$1,000 per referral.

Refer New Participants to Join the Program

Make the most of your connections by inviting new participants to enroll in the AT&T Refer a Business program and submit business customer referrals. You'll receive \$100 for the first verified and approved referral that each new participant submits.

You can earn up to \$1,000 per referral and up to \$10,000 combined per year in total referral compensation for business customers and new participants.

All compensation paid on an AT&T Refer a Business Visa® Reloadable Card. Other terms and conditions apply.
