

AT&T Consulting and Professional Services

Smart meeting spaces designed for collaboration

Learn how AT&T Consulting and Professional Services can help you create ideal meeting spaces with Microsoft Teams.

Accelerating your digital transformation

AT&T Consulting and Professional Services will help you get your Microsoft Teams Rooms workspaces up and running. Our global group of solutions specialists and industry experts deliver guidance, conduct site surveys, and install, integrate, execute, and support your Microsoft Teams Rooms.

What is Microsoft Teams Rooms?

Microsoft Teams Rooms is a modern meeting-space solution that combines the digital workspace of Teams with dedicated audio and video devices from Microsoft or third-party providers. Designed for collaboration, Teams Rooms transforms your meeting rooms into powerful hybrid environments, breaking down barriers between locations and participants. This solution is designed to help ensure that every meeting is easy to join, creating a collaborative space where everyone—whether remote or in the room—has an equal seat at the table.

Creating your innovative and optimized meeting rooms

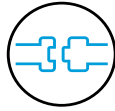

Organizing a seamless hybrid meeting can be challenging, especially when it comes to making sure every participant can see, hear, and recognize their colleagues—regardless of group size or location. Properly setting up visual and audio controls is essential for full participation, but it can be complex. That's where AT&T Consulting and Professional Services comes in. We help you plan, implement, and manage your hybrid meeting solution, ensuring a smooth and effective experience.

Turn every space into a center of collaboration

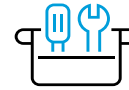

Plan

We assess the layout scheme and requirements for each room and select the appropriate devices. Then we provide the necessary equipment for installation and setup.

Deploy

We ensure the rooms and network are prepared for installation. Then we install and configure equipment for optimal use.

Manage

We oversee and coordinate all aspects of the program. This involves ensuring projects are executed promptly and efficiently, providing guidance and support for user adoption, and delivering ongoing maintenance to guarantee smooth operation.

Make the most of your meetings

Let AT&T Consulting and Professional Services help you level up your meeting spaces with Microsoft Teams Rooms. Bring your teams together in ways that enhance productivity, creativity, and efficiency—in meeting spaces designed for digitally transformed, hybrid interactions. Utilize AI-powered facilitator agents in Teams Rooms to capture real-time notes and action items during scheduled, hybrid, and spontaneous in-person meetings. We will design your solution to fit your budget and timeline.

AT&T Consulting and Professional Services can help you plan, implement, and manage your hybrid meeting solution.

Why AT&T Consulting and Professional Services

Since 1999, AT&T Consulting and Professional Services has delivered world-class expertise in secure networking, cloud, voice, mobility, and IoT solutions across the full project life cycle—from advisory and deployment to premier support services. Our seasoned professionals bring unique and diverse experiences, combining industry insights with proven best practices. This means we can help you harness innovation, overcome barriers to technology adoption, and accelerate your business outcomes in the most cost-effective way. With AT&T Consulting and Professional Services, you gain a trusted partner dedicated to taking your business to new heights.
