

Wireless Service Request Type 2C SS7 Trunks (E911)

Section A: General Information

1. Quantity of Trunks: CMRS Type 2C SS7 Trunks	2. Firm Order <input type="checkbox"/> Yes <input type="checkbox"/> No	3. Rate Quote Requested <input type="checkbox"/> Yes <input type="checkbox"/> No	4. State (Choose One)
--	---	---	-----------------------

Section B: Originator and FOC Information

5. PON	6. Related PON	7. Originator Name	
8. Originator's Telephone Number () - -	9. Originator FAX () - -	10. Originator's E-mail Address	
11. FOC Name 1	12. FOC (Area Code) Telephone Number 1 () - -	13. FOC E-mail Address 1	
14. FOC Name 2	15. FOC (Area Code) Telephone Number 2 () - -	16. FOC E-mail Address 2	
17. FOC Name 3	18. FOC (Area Code) Telephone Number 3 () - -	19. FOC E-mail Address 3	

Section C: Administrative

20. CMRS Provider Name	21. Other Service Number	
22. Order Type (Check One) <input type="checkbox"/> New Service <input type="checkbox"/> Add to Existing Service <input type="checkbox"/> Change Order <input type="checkbox"/> Disconnect <input type="checkbox"/> Other Explain		
23. Account Number	24. Desired Due Date (MM/DD/YYYY)	25. Quantity of Trunks

Section D: Circuit Locations

26. Location A (Originating Customer Location) Type of Premise:
 Paging Terminal MTSO (Mobile Telephone Switching Office) CS (Cell Site/Tower) FlexServe

27. Customer Name		28. Customer Address	
Room/Floor Number	City	State (Choose One)	Zip
29. XPOI CLLI	30. MSC Switch CLLI	31. MSC Switch Point Code	32. MSC Switch Type: (Check One) <input type="checkbox"/> 2/Wire <input type="checkbox"/> 4/Wire
33. Customer ACNA (Telcordia)		34. Testing Contact Name	
35. Testing Contact Telephone Number () - -			

Location B: Central Office

36. Central Office Name	Telco Central Office	
37. Central Office Address: Number & Street		
City		
State (Choose One)	Zip	
38. MUST choose one: <input type="checkbox"/> LSO (Local Serving Office) <input type="checkbox"/> FSO (Foreign Central Office)		
39. Tandem CLLI	40. Tandem Point Code	41. Serving Wire Center NPA/NXX

Section E: Trunk Specifications

42. If less than 24 trunks riding existing DS1, provide circuit ID (if new DS1 or Megalink Channel Service Required, attach DS1 WSR)

43. Trunk Circuit ID Code (TCIC):	From	To	CFA
	From	To	CFA
	From	To	CFA

44. Glare Master <input type="checkbox"/> BST <input type="checkbox"/> MSC <input type="checkbox"/> CIC	45. Link Information <input type="checkbox"/> Existing <input type="checkbox"/> New	Link Provider <input type="checkbox"/> BellSouth <input type="checkbox"/> 3rd Party
--	--	--

Link Provider Name (if 3rd party)

Point Code A	Associated CLLI Code	Point Code B	Associated CLLI Code
--------------	----------------------	--------------	----------------------

 46a. Do you use BellSouth solution for Phase 1? Yes No

 46b. If yes, is this the first time connection to the tandem? Yes No

If no, provide existing account number	47. Provide PSAP county	Provide ESN
--	-------------------------	-------------

Provide PANIs

48. Select one

- CMRS switch sends ONLY a pAni (ESRK), in either the Calling Party Number or Charge Number parameter. NOTHING in the Generic Digits Parameter (DGP). NENA Table 4-1 ISUP Parameter Options: A1, A2, A3, B1, B2, B3.
- CMRS switch sends pAni and CBN (ESRD & CBN). The pANO MUST be in the Generic Digits Parameter (GDP), and the CBN MUST be in the Charge Number Parameter (CNP), AND the Calling Party Number Parameter MUST BE BLANK! NENA Table 4-2 ISUP Parameter Options: A3, B3, C3, D3.
- CMRS switch sends pANI and CBN (ERSD & CBN). The pANI MUST be in the Generic Digits Parameter (GDP), and the CBN MUST be in the Calling Party Number Parameter (CBN is allowed in the Charge Number parameter in addition to being the Calling Party Number parameter, but Charge Number parameter is ignored by the BellSouth E911 Tandem). NENA Table 4-2 ISUP Parameter Options: A1, A2, B1, B2, C1, C2, D1, D2, I1, I2, J1, J2, K1, K2, L1, L2.
- CMRS switch sends pANI and CBS (ESRD & CBN). The pANI MUST be in the Called Party Number parameter, and the CBN MUST be in the Calling Party Number parameter. (CBN is allowed in the Charge Number parameter in addition to being in the Calling Party Number parameter, but Charge Number parameter is ignored by the BellSouth E911 Tandem.) NENA Table 4-2 ISUP Parameter Options: E1, E2, F1, F2, G1, G2, H1, H2.

NOTE: BellSouth does NOT SUPPORT NENA Table 4-2 ISUP Parameter Option I3.

Section F: Billing / Contract Information

49. Interconnection Agreement <input type="checkbox"/> Yes <input type="checkbox"/> No	49a. Contract Number
--	----------------------

50. Billing Name (Must Match Name on Legal Records)

51. Billing Name (Attn:)	52. Billing Address Room & Floor
53. Billing Address Number and Street	54. City
State (Select One)	Zip

55. Tax Exemption (check all that apply)	56. CLUB Bill <input type="checkbox"/> Yes <input type="checkbox"/> No
Federal State County City None Local <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> Tolls <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	57. CLUB Bill Number

58. Departmental Identifier <input type="checkbox"/> Yes <input type="checkbox"/> No	59. Departmental Identifier Code	* Identifier Code limited to 25 Characters (Note: Customer must have DI Sort Option for this field to be used)
--	----------------------------------	---

Note: This will always be "No" unless customer has DI Sort Option)

Section G: Remarks / Driving Directions

60. Miscellaneous Remarks and Driving Directions if Needed

Section H: Information to be Provided by Account Team

61. MAN Number	62. ZWC Code	63. Pre-Assigned Order Number
