We've redesigned the display and capabilities of the Shopping Cart page to improve your shopping experience.

For company administrators and Corporate Responsibility Users (CRUs) with permission to shop, the enhancements –

- Make it easier to view the items in your cart by listing them under the line with which they are associated.

- Improve the visibility of multiple lines in your cart.

- Allow you to make changes to items in your cart more easily.

- Provide information on promotions relevant to the items in your cart.
