THESE PLANS ARE RETIRED. Customers with AT&T Unlimited Choice for Business or AT&T Unlimited Plus for Business plans may only add or cancel lines. Customers seeking to make any other changes must choose another plan from AT&T's current wireless plans.

AT&T UNLIMITED CHOICESM FOR BUSINESS: DATA RESTRICTIONS: Data speeds are limited to a maximum of 3 Mbps. After 22 GB of data usage on a line in a bill cycle, for the remainder of the cycle AT&T may temporarily slow data speeds on that line during times of network congestion. **VIDEO STREAMING:** Plan is not eligible for Stream Saver. For content we can identify as video, wireless streaming speed will be slowed to Standard Definition quality (max 1.5 Mbps, about 480p). Video is capped at this amount, regardless of the network device is on (for example 4G LTE). Ability to stream, video resolution, and other data usage (including speed) are not guaranteed, may vary, and may be affected by a variety of other factors. Tethering/mobile hotspot use prohibited except Connected Cars (in car Wi-Fi/vehicle Wi-Fi hotspots), Hotspots, and Wireless Home Phone & Internet/AT&T Wireless Internet. If 2 or more tethered devices are watching video from the same source at the same time, we may identify it as a single video and slow the speeds collectively to a max of 1.5 Mbps, which may impair your ability to watch video on these tethered devices. You can pause video on all but one of the tethered devices or watch from different sources to resolve this issue.

AT&T UNLIMITED PLUSSM FOR BUSINESS: DATA RESTRICTIONS: After 22 GB of data usage on a line in a bill cycle, for the remainder of the cycle AT&T may temporarily slow data speeds on that line during times of network congestion. **VIDEO STREAMING:** Includes Stream Saver feature, which allows you to stream higher definition video in Standard Definition on compatible devices (unless video provider has opted out). Stream Saver will not recognize all video content. Ability to stream and video resolution may vary and be affected by other factors. To enjoy access to High Definition video on compatible devices and when available, you can turn Stream Saver off or back on at any time through your account management portal (att.com/myatt or att.com/premier, as applicable) or by calling 611. Restrictions apply. Details at att.com/stream saver. **TETHERING/MOBILE HOTSPOT:** Requires compatible device. Includes up to 10GB per line per month. After 10GB, tethering/mobile hotspot speed slowed to max of 128 Kbps for the rest of the bill cycle except for Connected Cars, Hotspots, and Wireless Home Phone & Internet/AT&T Wireless Internet. Except for those products, all tethering/mobile hotspot data usage will be impacted and not fully functional.

AT&T will provide notice to Customer of termination of connected vehicle service to any vehicle within 24 hours of termination of service. Customer will have the responsibility of promptly terminating service on any vehicle for which it transfers title and Customer will bear all costs for the service until such time as the service is terminated pursuant to this termination provision. Transfer of ownership will be deemed to occur in any way of the customary ways such transactions are conducted in the place where the vehicle is located, including, but not limited to, transfer of title for the vehicle to a third party. Customer acknowledges and agrees that: (a) AT&T will have no obligation whatsoever to determine the facts or circumstances pertaining to any transfer of ownership for any vehicle; (b) AT&T may reasonably rely upon the request of a third party or the manufacturer of a vehicle as a basis to terminate service for that vehicle; and (c) Customer will hold harmless, and not assert any claims against, AT&T regarding any conveyance of any vehicle to which service is provided. **DEVICES:** Sold separately. **Limits:** Select wireless devices only. 10 devices per plan.
