

Choose from three types of AT&T Business Connect plans to fit your business needs

Our flexible AT&T Business Connect plans offer wireless data connectivity options for your qualified data-only devices, such as routers, scanners, mobile hotspot devices, and monitoring devices. Choose the data plan that is best suited to the amount of data you need, whether a lot or just a little.

Telemetry – Pooling plans ideal for qualified devices with low data usage.

Choose your data amount ¹	1MB	5MB	25MB	50MB	150MB
Business Connect (Telemetry) Monthly Service Charge	\$5	\$7	\$10	\$15	\$18

Taxes, fees & other monthly charges extra.

Data Overage: Pay-per-use rate of \$0.000976/KB applies.

¹ Within each billing account, all lines with Business Connect (Telemetry) plans will be included in the same Data Pool. Plans may not be used with a 5G and/or 5G+ capable device. Other restr's apply.

Capped – Non-pooling plan intended for qualified devices with variable data usage. The plan provides a low-cost solution in low-usage months with data overage protection in the occasional higher-usage month.²

Data amount	20MB
Business Connect (Capped) Monthly Service Charge ²	\$29.99

Taxes, fees & other monthly charges extra.

Data Overage: Pay-per-use rate of \$0.000976/KB applies.

² Combined monthly service-related charges (i.e. the Monthly Service Charge plus any data overage charges) are capped at \$129.99 per month. If a line exceeds the cap for 3 consecutive months, AT&T reserves the right to migrate such line, without notice, to the 5GB AT&T Business Connect (Backup) plan detailed below and charge you the applicable monthly fees. Plan may not be used with 5G/5G+ capable devices. Other restr's apply.

Backup – Pooling plans designed for qualified devices with higher data usage. 10GB and higher plans can now be used with a 5G+ and/or 5G capable device - you'll get (a) access to AT&T 5G mmWave (5G+) and/or AT&T 5G low band spectrum (5G) services, where each is available*, and (b) the Stream Saver feature, which allows you to save data on content it recognizes as video by streaming in Standard Definition quality (about 480p).**

Choose your data amount***	250MB	1GB	5GB	10GB	20GB	35GB	50GB	100GB	200GB
Business Connect (Backup) Monthly Service Charge	\$20	\$25	\$50	\$80	\$150	\$245	\$325	\$500	\$950

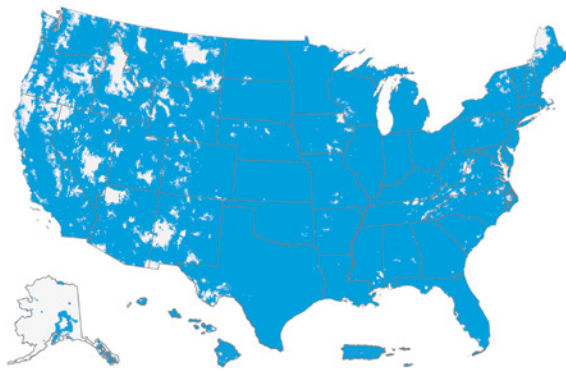

Taxes, fees & other monthly charges extra.

Data Overage: Pay-per-use rate of \$0.00001431/KB applies.

* **Limited availability;** may not be avail. in your area. See att.com/5Gforyou for details. **5G+ service:** Req's 5G+ capable device. Avail. only in very limited parts of specific cities. Other restr's apply. **5G service:** Req's 5G capable device.

** Avail. only with 10GB and higher plans for a 5G/5G+ capable device. AT&T will activate the feature for you, and you may turn it off or back on at any time. Ability to stream & video resolution may vary and are not guaranteed. Other restr's apply.

*** Within each billing account, all lines with Business Connect (Backup) plans will be included in the same Data Pool. 250MB to 5GB plans may not be used with a 5G and/or 5G+ capable device. Other restr's apply.

■ AT&T Coverage Area
■ No Service Area

Map shows approx. outdoor coverage in domestic licensed/roaming areas. Actual coverage may differ. Service not available everywhere. See att.com/coverageviewer for coverage details. For add'l info on 5G/5G+, see att.com/5Gforyou.

AT&T BUSINESS CONNECT PLANS: Prices are for service only. **Eligibility:** Available only to business and government customers with a qualified AT&T wireless service agreement and only for their Corporate Responsibility User (CRU) lines of service. For full service terms and conditions of service, see applicable wireless service agreement, including without limitation the Additional Service- and Equipment-Related Terms found at att.com/abs-addtl-terms (Business Agreement). **ELIGIBLE DEVICES:** Compatible routers, scanners, mobile hotspot devices, tablets and other qualified data-only devices (sold separately). 5G/5G+ capable devices may only be used with 10GB or higher Business Connect (Backup) plans. **Each qualified device activated with a Business Connect plan must have a primary place of use (PPU) within AT&T's owned and operated wireless network coverage area within the U.S. (Domestic Coverage Area).** **DATA:** For use within the Domestic Coverage Area only. **Data Usage:** If you exceed the total amount of data in your plan (Data Allowance) during your billing period, additional data will automatically be provided at the pay-per-use rate specified for your plan. 1,024 kilobytes (KB) = 1 megabyte (MB); 1,048,576 KB = 1 gigabyte (GB). **For Business Connect (Capped) plan only** - combined monthly service charge (\$29.99) and data overage charges are capped at \$129.99/month. If you exceed the cap for 3 consecutive months, AT&T reserves the right to migrate such line, without notice, to the 5GB AT&T Business Connect (Backup) plan and charge you the applicable monthly fees. **POOLING:** Not avail. with Business Connect (Capped) plans. Within a single Billing Account Number (BAN), CRU lines activated with a qualified Business Connect plan that includes data pooling (Pooled Plan) may be combined to create a "Data Pool". To pool together, each CRU line in the Data Pool must subscribe to a Pooled Plan that is the same type of Business Connect plan (e.g., Telemetry plans cannot be in a Data Pool with Backup plans). Every billing cycle, each CRU line first uses its plan's Data Allowance. If a CRU line does not use all of its Data Allowance, it creates an underage in the amount of the unused Data Allowance (Under Usage). If a CRU line uses more than its Data Allowance, the line incurs Data Overage charges in the amount of the excess data usage (Over Usage). At the end of the billing cycle, AT&T calculates the total Under Usage and Over Usage amounts for CRU lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount (and the total Under Usage amount is greater than zero), the Under Usage is allocated among CRU lines in the Data Pool with Over Usage (if any), resulting in per line credits on your invoice equal to each such CRU line's Data Overage charges. Any remaining Under Usage will be forfeited. If the total Over Usage amount exceeds the total Under Usage amount (and the Under Usage amount is greater than zero), then the total Under Usage is divided by the total Over Usage to create an allocation factor that is applied equally to each CRU line's Data Overage charges to determine each such CRU line's share of the total Under Usage amount, resulting in per line credits on your invoice to partially offset each such CRU line's Data Overage charges. For example, if a Data Pool has 100 KB of Under Usage and 1,000 KB of Over Usage (which means an allocation factor of 10%), then your invoice will show, with respect to each CRU line in the Data Pool with Over Usage, both (a) the line's Data Overage charges at the specified Data Overage rate, and (b) a bill credit equal to 10% of the line's Data Overage charges. Migrating CRU lines to different Pooled Plans during a bill cycle may result in one-time prorations or other impacts to the credit calculation. Customer may have more than one Data Pool within a FAN or BAN, but CRU lines in one Data Pool cannot take advantage of another Data Pool's Under Usage, and each CRU line can only be part of one Data Pool at a time. AT&T reserves the right to limit the number of CRU lines in a Data Pool due to business needs and system limitations. CRU lines on Pooled Plans cannot be added to a legacy Business Connect Data Pool created prior to February 14, 2017 or to a legacy Telemetry Connect plan Data Pool created prior to February 17, 2006. CRU lines with other AT&T plans may be under the same BAN as CRU lines on Pooled Plans; however, these other lines will not receive any pooling benefits or contribute any data to a Data Pool. **MOBILE HOTSPOT/TETHERING:** Plans permit mobile hotspot/tethering use. Mobile hotspot/tethering requires a compatible device. **VIDEO STREAMING:** 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices include the Stream Saver feature, which allows you to stream higher definition video at a max of 1.5 Mbps, in Standard Definition quality (about 480p) on compatible devices (unless video provider has opted out). AT&T will activate the feature for you. You can turn it off or back on at any time via your online account management portal at att.com/premier or by calling 611. Stream Saver will not recognize all video content. Ability to stream and video resolution may vary and be affected by other factors. Restrictions apply. Details at att.com/stream saver. If two or more tethered devices are watching video from the same source at the same time, we may identify it as a single video and slow the speeds collectively to a max of 1.5 Mbps, which may impair your ability to watch video on these tethered devices. You can pause video on all but one of the tethered devices, watch from different sources, or turn off Stream Saver to resolve this issue. **High Definition (HD) Video:** You can turn off Stream Saver at any time to enjoy access to HD video streaming (up to 1080p), if and when available. Requires eligible hardware and video source. Ability to stream, video resolution, and other data usage (including speed) are not guaranteed, may vary, and may be affected by a variety of other factors. Other restrictions apply. **5G+ NETWORK ACCESS & COVERAGE:** 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices include access to AT&T 5G millimeter wave (5G+) service. Requires 5G+ capable device. 5G+ service is not available in most areas; it is available only in very limited parts of specific cities. See att.com/5Gforyou for details. Device will display 5G+ coverage indicator when used in an area where 5G+ coverage is available. 5G+ service is available outdoors within line-of-sight of cell site only. Other restrictions apply. **5G NETWORK ACCESS & COVERAGE:** 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices include access to AT&T 5G low band spectrum (5G) service. Requires 5G capable device. 5G service is not available everywhere. See att.com/5Gforyou for details. **INTERNATIONAL ROAMING: Monthly plan prices do not apply to data usage while roaming.** If roaming outside the Domestic Coverage Area, pay-per-use rates will apply unless an international data package is added. For most current pay-per-use rates and available international data packages and coverage, visit att.com/intlpprates. Not all devices are eligible for international roaming service. **MISCELLANEOUS:** Business Connect (Telemetry) plans are not available for purchase in AT&T retail stores. Plans may not be compatible/combined with certain products, features and other services, including without limitation AT&T Enhanced Push-to-Talk service and messaging packages.

All offers, promotions, pricing, terms, restrictions & conditions subject to change & may be modified, discontinued, or terminated at any time without notice.

GENERAL WIRELESS SERVICE TERMS: Subject to applicable Business Agreement. Service is not for resale & is intended for use primarily w/in the DCA. If AT&T does not enforce any of the terms or restrictions of its service offerings, it is not a waiver of AT&T's right to enforce those terms or restrictions. AT&T reserves the right to enforce all terms & restrictions at anytime. If AT&T determines your use of services violates any of the applicable terms or policies found in the Business Agreement, we may in our sole discretion suspend, modify, terminate or restrict your service. **COVERAGE:** Coverage map shows high level approximation of areas included in and out of plan. For the most current coverage info for your area, check wireless.att.com/coverageviewer. Coverage may include areas that are served by unaffiliated carriers & not on AT&T's owned and operated network (off-net). Coverage is subject to change without notice. **NETWORK MANAGEMENT:** All AT&T service is subject to AT&T network management policies. See att.com/broadbandinfo for details. **OFF-NET USAGE:** International and domestic off-net (roaming) data usage may be at 2G speeds. **Excessive Off-Net Usage:** You get an off-net (roaming) usage allowance for each service. If you exceed the allowance, your service(s) may be restricted or terminated. **OTHER RESTRICTIONS & FEES:** Other restrictions apply & may result in service termination. If you purchased a device that requires a term commitment, an **Early Termination/Cancellation Fee** applies if you cancel service after the first 30 days & before your term ends. See att.com/equipmentETF for details on what fee may apply for your device and how the fee is prorated over time. **Activation/upgrade fee** per line (up to \$45) & deposit may apply. Credit approval may be required. AT&T reserves the right to suspend or terminate service to your account, place any noncomplying device on an appropriate plan, and/or add any other required element of a plan. **Additional Monthly Fees & Taxes:** Apply per line & include Regulatory Cost Recovery Charge (up to \$1.50), Administrative Fee (\$1.99), & other fees which are not government-required surcharges (including without limitation a Property Tax Allotment surcharge of \$0.20 - \$0.45 applied per CRU's assigned number) as well as taxes. Additional one-time charges may apply. See att.com/mobilityfees for more details. For full service terms and conditions, see the Business Agreement.
