Choose from three types of AT&T Business Connect plans to fit your business needs

Our flexible AT&T Business Connect plans offer wireless data connectivity options for your qualified data-only devices, such as routers, scanners, mobile hotspot devices, and monitoring devices (depending on your selected plan). Choose the data plan that is best suited to the amount of data you need, whether a lot or just a little.

**Telemetry** – Pooling plans intended for qualified devices¹ using machine-to-machine business applications that have low data usage.

<table>
<thead>
<tr>
<th>Choose your data amount²</th>
<th>1MB</th>
<th>5MB</th>
<th>25MB</th>
<th>50MB</th>
<th>150MB</th>
</tr>
</thead>
<tbody>
<tr>
<td>Business Connect (Telemetry) Monthly Service Charge</td>
<td>$5</td>
<td>$7</td>
<td>$10</td>
<td>$15</td>
<td>$18</td>
</tr>
</tbody>
</table>

Taxes, fees & other monthly charges extra.

Data Overage: Pay-per-use rate of $0.00001431/KB applies.

¹ Plans are not intended for use with routers, hotspot devices or other devices needing internet access. Each billing account, all lines with Business Connect (Telemetry) plans will be included in the same Data Pool. Plans may not be used with a 5G and/or 5G+ capable device.

² Within each billing account, all lines with Business Connect (Telemetry) plans will be included in the same Data Pool. Plans may not be used with a 5G and/or 5G+ capable device. Other restr's apply.

**Capped** – Non-pooling plan intended for qualified devices with variable data usage that need internet access. The plan provides a low-cost solution in low-usage months with data overage protection in the occasional higher-usage month.²

<table>
<thead>

<th>20MB</th>
</tr>
</thead>
<tbody>
<tr>
<td>Business Connect (Capped) Monthly Service Charge²</td>
<td>$29.99</td>
</tr>
</tbody>
</table>

Fees & other monthly charges extra.

Data Overage: Pay-per-use rate of $0.000976/KB applies.

² Combined monthly service-related charges (i.e. the Monthly Service Charge plus any data overage charges) are capped at $129.99 per month. If a line exceeds the cap for 3 consecutive months, AT&T reserves the right to migrate such line, without notice, to the 5GB AT&T Business Connect (Backup) plan detailed below and charge you the applicable monthly fees. Plan may not be used with 5G/5G+ capable devices. Other restr's apply.

**Backup** – Pooling plans designed for qualified devices with higher data usage that need internet access. 10GB and higher plans can now be used with a 5G+ and/or 5G capable device - you’ll get (a) access to AT&T 5G mmWave (5G+) and/or AT&T 5G low band spectrum (5G) services, where each is available*, and (b) the Stream Saver feature, which allows you to save data on content it recognizes as video by streaming in Standard Definition quality (about 480p)**

<td>$80</td>
<td>$150</td>
<td>$245</td>
<td>$325</td>
<td>$500</td>
<td>$950</td>
</tr>
</tbody>
</table>

Fees & other monthly charges extra.

Data Overage: Pay-per-use rate of $0.00001431/KB applies.

* Req's a compatible 5G/5G+ device & plan. May not be avail. in your area. 5G+ is avail. only in limited parts of select cities. See att.com/5Gforyou for details. Other restr's apply.

** Avail. only with 10GB and higher plans for a 5G/5G+ capable device. AT&T will activate the feature for you, and you may turn it off or back on at any time. Ability to stream & video resolution may vary and are not guaranteed. Other restr's apply.

*** Within each billing account, all lines with Business Connect (Backup) plans will be included in the same Data Pool. 250MB to 5GB plans may not be used with a 5G and/or 5G+ capable device. Other restr's apply.

See page 2 for more plan details.
AT&T BUSINESS CONNECT PLANS: Available only to business and government customers with a qualified AT&T wireless service agreement including, without limitation, the Additional Service and Equipment Related Terms found at att.com/abs-addtl-terms (Business Agreement). For Corporate Responsibility User (CRU) lines of service only. All AT&T service is subject to the terms and conditions in your Business Agreement. AT&T service is subject to AT&T network management policies. See att.com/broadbandinfo for details. ELIGIBLE PRICING. Advertised monthly price includes monthly plan charge for data service only. Plans are limited to one line and require an eligible device. OTHER RESTRICTIONS & FEES: If you purchased a device that requires a term commitment, an Early Termination/Cancellation Fee applies if you cancel service after the first 30 days & before your term ends. See att.com/equipmentETF for details on what fee may apply for your device and how the fee is prorated over time. Activation/upgrade fee per line (up to $45) & deposit may apply. Credit approval may be required. AT&T reserves the right to suspend or terminate service to your account, place any noncomplying device on an appropriate plan, and/or add any other required element of a plan. ELIGIBLE DEVICES: Compatible scanners, tablets, routers, mobile hotspot devices and other qualified data-only devices (sold separately). Routers, mobile hotspot devices and other devices needing internet access are not intended for use with Business Connect (Telemetry) plans, as such plans are designed solely for devices using machine-to-machine business applications needing wireless data communication between the device and the customer’s data center. 5G/5G+ capable devices may only be used with 10GB or higher Business Connect (Backup) plans. Each eligible device activated with a Business Connect plan must have a primary place of use within AT&T’s owned and operated wireless network coverage area within the U.S. (Domestic Coverage Area). DATA: For use within the Domestic Coverage Area only. DATA Overage: If you exceed the total amount of data in your plan (Data Allowance) during your billing period, additional data will automatically be provided at the pay-per-use rate specified for your plan. 1,024 kilobytes (KB) = 1 megabyte (MB). 1,048,576 KB = 1 gigabyte (GB). For business Connect (Capped) plan only - combined monthly service charge ($29.99) and data overage charges are capped at $529.99/month. If you exceed the cap for 3 consecutive months, AT&T reserves the right to migrate such line, without notice, to the 5GB AT&T Business Connect (Backup) plan and charge you the applicable monthly fees.

DATA POOLING: Not available with Business Connect (Capped) plans. Within each Billing Account Number (BAN), all CRU lines activated with a Business Connect (Telemetry) plan will be combined to create a Business Connect (Telemetry) data pool, and all CRU lines activated with a Business Connect (Backup) plan will be combined to create a separate Business Connect (Backup) data pool (each, a Data Pool). CRU lines with Business Connect (Telemetry) plans cannot be in the same Data Pool as CRU lines with Business Connect (Backup) plans. With regard to each Data Pool, every billing cycle, each CRU line first uses its plan’s Data Allowance. If a CRU line does not use all of its Data Allowance, an underage is created in the amount of the unused Data Allowance (Under Usage). If a CRU line uses more than its Data Allowance, the CRU line incurs Data Overage charges in the amount of the excess data usage (Over Usage). At the end of the billing cycle, AT&T calculates the total Under Usage and Over Usage amounts for CRU lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount, the Under Usage is allocated among CRU lines in the Data Pool with Over Usage (if any), resulting in per line credits on your invoice equal to each such CRU line’s Data Overage charges. Any remaining Under Usage will be forfeited. If the total Over Usage amount exceeds the total Under Usage amount (and the Under Usage amount is greater than zero), then the total Under Usage is divided by the total Over Usage to create an allocation factor that is applied equally to each CRU line’s Data Overage charges to determine each such CRU line’s share of the total Under Usage amount, resulting in per line credits on your invoice to partially offset such CRU line’s Data Overage charges. For example, if a Data Pool has a total of 100 KB of Under Usage and 1,000 KB of Over Usage (which means an allocation factor of 10%), then your invoice will show, with respect to each CRU line in the Data Pool with Over Usage, both (a) the line’s Data Overage charges at the specified Data Overage rate, and (b) a bill credit equal to 10% of the line’s Data Overage charges. Migrating CRU lines to different plans during a billing cycle may result in one-time prorations or other impacts to the credit calculation. Limits: You are limited to one Business Connect (Telemetry) Data Pool and one Business Connect (Backup) Data Pool per BAN. Your BAN may also have one or more data pool(s) for CRU lines on different pooled plan(s) (e.g., AT&T Mobile Select-Pooled), but CRU lines in a Data Pool cannot take advantage of any other data pool’s Under Usage and vice versa. Each CRU line may only be part of one data pool at a time. AT&T reserves the right to limit the number of CRU lines in the Data Pool due to business needs and system limitations. CRU lines on the Business Connect (Telemetry) or Business Connect (Backup) plans cannot be added to a legacy Business Connect data pool created prior to February 14, 2017 or to a legacy Telemetry Connect data pool created prior to February 17, 2006. MOBILE HOTSPOT/TETHERING: Permitted on 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices only. Mobile hotspot/tethering requires compatible device. VIDEO STREAMING: 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices include the Stream Saver feature, which allows you to stream higher definition video in Standard Definition on compatible devices (unless the video provider has opted out). Stream Saver will not recognize all video content. Ability to stream and video resolution may vary and be affected by other factors. To enjoy access to High Definition video on compatible devices and plans for 5G/5G+ devices include the Stream Saver feature, which allows you to stream higher definition video in Standard Definition on compatible devices (unless the video provider has opted out). Stream Saver will not recognize all video content. Ability to stream and video resolution may vary and be affected by other factors. To enjoy access to High Definition video on compatible devices and when available, you can turn Stream Saver off or back on at any time through your online account management portal at att.com/premier or by calling 611. Restrictions apply. Details at att.com/streamsaver.

DATA POOLING: Not available with Business Connect (Capped) plans. Within each Billing Account Number (BAN), all CRU lines activated with a Business Connect (Telemetry) plan will be combined to create a Business Connect (Telemetry) data pool, and all CRU lines activated with a Business Connect (Backup) plan will be combined to create a separate Business Connect (Backup) data pool (each, a Data Pool). CRU lines with Business Connect (Telemetry) plans cannot be in the same Data Pool as CRU lines with Business Connect (Backup) plans. With regard to each Data Pool, every billing cycle, each CRU line first uses its plan’s Data Allowance. If a CRU line does not use all of its Data Allowance, an underage is created in the amount of the unused Data Allowance (Under Usage). If a CRU line uses more than its Data Allowance, the CRU line incurs Data Overage charges in the amount of the excess data usage (Over Usage). At the end of the billing cycle, AT&T calculates the total Under Usage and Over Usage amounts for CRU lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount, the Under Usage is allocated among CRU lines in the Data Pool with Over Usage (if any), resulting in per line credits on your invoice equal to each such CRU line’s Data Overage charges. Any remaining Under Usage will be forfeited. If the total Over Usage amount exceeds the total Under Usage amount (and the Under Usage amount is greater than zero), then the total Under Usage is divided by the total Over Usage to create an allocation factor that is applied equally to each CRU line’s Data Overage charges to determine each such CRU line’s share of the total Under Usage amount, resulting in per line credits on your invoice to partially offset such CRU line’s Data Overage charges. For example, if a Data Pool has a total of 100 KB of Under Usage and 1,000 KB of Over Usage (which means an allocation factor of 10%), then your invoice will show, with respect to each CRU line in the Data Pool with Over Usage, both (a) the line’s Data Overage charges at the specified Data Overage rate, and (b) a bill credit equal to 10% of the line’s Data Overage charges. Limits: You are limited to one Business Connect (Telemetry) Data Pool and one Business Connect (Backup) Data Pool per BAN. Your BAN may also have one or more data pool(s) for CRU lines on different pooled plan(s) (e.g., AT&T Mobile Select-Pooled), but CRU lines in a Data Pool cannot take advantage of any other data pool’s Under Usage and vice versa. Each CRU line may only be part of one data pool at a time. AT&T reserves the right to limit the number of CRU lines in the Data Pool due to business needs and system limitations. CRU lines on the Business Connect (Telemetry) or Business Connect (Backup) plans cannot be added to a legacy Business Connect data pool created prior to February 14, 2017 or to a legacy Telemetry Connect data pool created prior to February 17, 2006. MOBILE HOTSPOT/TETHERING: Permitted on 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices only. Mobile hotspot/tethering requires compatible device. VIDEO STREAMING: 10GB and higher Business Connect (Backup) plans for 5G/5G+ devices include the Stream Saver feature, which allows you to stream higher definition video in Standard Definition on compatible devices (unless the video provider has opted out). Stream Saver will not recognize all video content. Ability to stream and video resolution may vary and be affected by other factors. To enjoy access to High Definition video on compatible devices and when available, you can turn Stream Saver off or back on at any time through your online account management portal at att.com/premier or by calling 611. Restrictions apply. Details at att.com/streamsaver.

SERVICE: Requires compatible 5G+ device & 10GB and higher Business Connect (Backup) plan. 5G+ service is available only in very limited parts of select cities and has propagation limitations. See att.com/5Gforyou. AT&T Business Connect plans are not available for purchase in AT&T retail stores. Plans may not be compatible/combined with certain products, features and other services, including without limitation AT&T Enhanced Push-to-Talk service and messaging packages.
