

Use your domestic plan while on board eligible ships for a daily fee

With **AT&T Business Cruise Day Pass**, your organization's corporate responsibility users can use their plans on over 400 cruise ships for a daily fee. Just add the feature once to each user's line to make it available whenever your users travel on eligible ships and then pay \$20 per day per device only on the days they use their eligible devices while at sea.

AT&T Business Cruise Day Pass

Includes

Talk: Unlimited calls¹ from included ships to the U.S. and any International Day Pass for Business destination

Text: Unlimited messages¹ from included ships throughout the world

Data: Data from the device's domestic plan²
On select ships, after 500MB per day, data speeds are up to a max of 512 Kbps.

Service charge

\$20/day/line

For a list of eligible ships, visit att.com/CDPlist

Taxes and fees extra. Requires compatible device with domestic postpaid wireless service. Terms, and talk, text and/or data allowance(s), from your domestic plan, taxes and fees, and other restrictions apply and are subject to change. Coverage and data speeds vary by destination and may be changed.

¹ When added to an eligible unlimited plan; SMS and MMS only. If your domestic plan has capped minutes or messages, calls and received texts while roaming will count against your plan's monthly allowance and may result in domestic plan overage charges.

² Subject to domestic plan terms (including data restrictions and overages). If your domestic plan includes the Video Management feature, it will apply to AT&T Business Cruise Day Pass. For Video Management details, see att.com/VideoFeature.

AT&T BUSINESS CRUISE DAY PASS:

Eligibility: Available to business and government customers with a qualified AT&T wireless service agreement (**Business Agreement**) and only for qualified Corporate Responsibility User (**CRU**) lines of service. Compatible phone, tablet or laptop (**Compatible Device**) with eligible domestic wireless plan required.

Coverage: AT&T Business Cruise Day Pass (**BCDP**) applies to cellular use on eligible ships found at att.com/CDPlist (**Ships**) when a Ship is in international waters, which is generally 6 or more nautical miles from land (**At Sea**), with a Compatible Device connected to the maritime cellular network. The Ships' networks are turned off when not At Sea, at which time cellular service is provided by the nearest country. Coverage and Ships are subject to change without notice.

Adding to a CRU Line: You can add BCDP before your CRU travels by calling 800-331-0500, by using online self-service (at att.com/myATT or att.com/premier, as applicable), or by contacting your AT&T account representative. Once added, BCDP will stay on the CRU line until you remove it using one of the same methods.

Daily Fee: The first time a CRU line provisioned with BCDP uses data, makes or receives a call, or sends a text message At Sea, you'll automatically be charged a \$20 daily fee (**Daily Fee**). Received text messages are rated as domestic and do not trigger a Daily Fee. The Daily Fee covers additional data, calls, and text messages for 24 hours from the initial use on any Ship. Subsequent 24-hour periods of usage on a Ship will incur additional Daily Fees unless you remove BCDP from the line.

Coverage On Land or In Port: BCDP only covers usage while At Sea. You are advised to add International Day Pass for Business (**IDP**) or another available international roaming package to your domestic wireless plan to cover the CRU's usage when on land or in port. Go to att.com/internationalforbiz to review options.

Data: For Compatible Devices only. Data will be drawn from your domestic plan allowance with the same data and speed restrictions. If your domestic plan includes the Video Management feature, it will apply to BCDP. For more details about Video Management, see att.com/VideoFeature.

Overage: If your CRU exceeds the amount of data in your qualified domestic plan, overage charges or data speed reduction of up to 128 Kbps applies in accordance with the terms of your domestic

plan. If your data speed is slowed, all data use, including audio and video streaming, picture and video messaging, and other types of data use will be impacted and may not work. **Data Restriction on Select Ships:** After using 500MB of data within a 24-hour period while At Sea, data speeds will be reduced to a maximum of 512 Kbps on certain Ships found at att.com/CDPlist. The highest available data speed will be restored at the beginning of the next 24-hour period. **Incidental Data Usage:** Apps on your device use data even when you may not be aware. Such usage may trigger the Daily Fee. To avoid unintended use of BCDP, turn off cellular data roaming and Wi-Fi Calling in your device settings.

Talk: For compatible phones only. Includes calls received while At Sea and calls made while At Sea to the U.S. and to IDP destinations (for IDP destinations, go to att.com/globalcountries). If your domestic plan does not include unlimited talk, minutes of use will be drawn from your domestic voice plan allowance and domestic overage charges may apply. **Calls to Non-IDP Destinations:** Calls to non-IDP Destinations will result in International Long Distance (**ILD**) charges. Pay-per-use rates apply unless your domestic plan includes these non-IDP destinations or you add an ILD package to your device. Rates are subject to change without notice. For details, go to att.com/internationalcalling.

Text: For compatible phones only. Unlimited sent messages includes only AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) sent while At Sea and not to other messaging services or applications like iMessage. If your domestic plan does not include unlimited text, received messages will be drawn from your domestic plan messaging allowance and domestic overage charges may apply.

Pay-Per-Use Rates: Apply for cellular on a Ship when you do not have BCDP or when not At Sea and/or when you do not have IDP or other international roaming package (for use on land or in port). For rates, see att.com/intlpprates.

General: Subject to the applicable Business Agreement (see your AT&T representative for terms). Availability, quality of coverage, and services while roaming are not guaranteed. Additional restrictions may apply.
