

# Wireless plans with flexible pooled data

Make managing your mobile workforce easier than ever. AT&T Business Pooled Nation for Data plans offer pooled data, which can help you control wireless costs within your billing account. Corporate Responsibility Users in your Data Pool first uses the data they need from their own plans, and then your light users can help balance out any heavy users at the end of the month.

**BUSINESS POOLED NATION FOR DATA PLANS:** Available only to business and government customers with a qualified AT&T wireless service agreement including without limitation the Additional Service and Equipment-Related Terms found at [att.com/abs-addtl-terms](http://att.com/abs-addtl-terms) (**Business Agreement**). For Corporate Responsibility User (**CRU**) lines of service only. Plans are each limited to one line and require an eligible device (sold separately). **All AT&T service is subject to the terms and conditions in your Business Agreement.** All AT&T service is subject to AT&T network management practices. See [att.com/broadbandinfo](http://att.com/broadbandinfo) for details. **PRICING:** Advertised monthly price includes monthly plan charge for data service only. **OTHER RESTRICTIONS & FEES:** **Activation/upgrade fee** per line (up to \$50) & deposit may apply. Credit approval may be required. If you purchased a device that requires a term commitment, an **Early Termination/Cancellation Fee** applies if you cancel service after the first 30 days & before your term ends. See [att.com/equipmentETF](http://att.com/equipmentETF) for details on what fee may apply for your device and how the fee is prorated over time. AT&T reserves the right to suspend or terminate service to your account, place any noncomplying device on an appropriate plan, and/or add any other required element of a plan. **ADDITIONAL MONTHLY FEES & TAXES:** Apply per CRU line & include Regulatory Cost Recovery Charge (up to \$1.50), Administrative Fee (\$1.99), Property Tax Allotment surcharge (\$0.20-\$0.45) & other fees which are not government-required surcharges, as well as taxes. Additional one-time Fees may apply. See [att.com/mobilityfees](http://att.com/mobilityfees) for more details. **ELIGIBLE DEVICES:** Smartphones, feature phones (basic or quick messaging), tablets, mobile hotspot devices and laptops. **DATA:** For use within the United States (**Domestic Coverage Area** or **DCA**) only. **Data Overage:** If you exceed the total amount of data in your plan (**Data Allowance**) during your billing period, additional data will be provided automatically at a pay-per-use rate of \$0.000014305 per kilobyte (**KB**). 1,024 KB = 1 megabyte (**MB**); 1,000 MB = 1 gigabyte (**GB**). **POOLED DATA:** The plans include pooled data at a billing account (**BAN**) level. Within each BAN, all CRU lines activated on AT&T Business Pooled Nation for Data plans with BAN-level pooled data and the same Data Overage rate will be combined to create a Business Pooled Nation for Data pool (each, a **Data Pool**). No other plans can be part of the Data Pool. With regard to each Data Pool, every billing cycle, each CRU line first uses its plan's Data Allowance. If a CRU line does not use all of its Data Allowance, an underage is created in the amount of the unused Data Allowance (**Under Usage**). If a CRU line uses more than its Data Allowance, the CRU line incurs Data Overage charges in the amount of the excess data usage (**Over Usage**). At the end of the billing cycle, AT&T calculates the total Under Usage and Over Usage amounts for CRU lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount, the Under Usage is allocated among CRU lines in the Data Pool with Over Usage (if any), resulting in per line credits on your invoice equal to each such CRU line's Data Overage charges. Any remaining Under Usage will be forfeited. If the total Over Usage amount exceeds the total Under Usage amount (and the Under Usage amount is greater than zero), then the total Under Usage is divided by the total Over Usage to create an allocation factor that is applied equally to each CRU line's Data Overage charges to determine each such CRU line's share of the total Under Usage amount, resulting in per line credits on your invoice to partially offset each such CRU line's Data Overage charges. For example: if a Data Pool has a total of 100 KB of Under Usage and 1,000 KB of Over Usage (which means an allocation factor of 10%), then your invoice will show, with respect to each CRU line in the Data Pool with Over Usage, both (a) the line's Data Overage charges at the specified Data Overage rate, and (b) a bill credit equal to 10% of the line's Data Overage charges. Migrating CRU lines to different plans during a bill cycle may result in one-time prorations or other impacts to the credit calculation. **Limits:** You are limited to one Business Pooled Nation Data Pool per BAN. Your BAN may also have one or more data pool(s) for CRU lines on different pooled plan(s) (e.g., AT&T Mobile Select-Pooled), but CRU lines in a Data Pool cannot take advantage of any other data pool's Under Usage and vice versa. Each CRU line can only be part of one data pool at a time. AT&T reserves the right to limit the number of CRU lines in the Data Pool due to business needs and system limitations. **TETHERING/MOBILE HOTSPOT:** Tethering/mobile hotspot use is permitted with compatible devices. **VOICE & MESSAGING SERVICES:** **Monthly plan prices do not apply to voice or messaging services.** If you have a phone, you must also have a voice plan (purchased separately) for use in the Domestic Coverage Area. If you have a phone and do not also have a messaging plan, you will be charged the following pay-per-use rates for messages sent or received within the Domestic Coverage Area: text messages - \$0.20 per message; picture/video messages - \$0.30 per message. **INTERNATIONAL ROAMING:** Monthly plan prices do not apply to international roaming usage. If roaming outside the Domestic Coverage Area, international usage will be charged at pay-per-use rates found at [att.com/intlpprates](http://att.com/intlpprates) unless you add an appropriate international package to your line. For available international options, visit [att.com/internationalforbiz](http://att.com/internationalforbiz). Some devices are not eligible for international roaming service. **COVERAGE:** Coverage may include areas that are served by unaffiliated carriers & not on AT&T's owned and operated network (off-net). Coverage is subject to change without notice. **OFF-NET USAGE:** International and domestic off-net (roaming) data usage may be at 2G speeds. **Excessive Off-Net Usage:** You get an off-net (roaming) usage allowance for each service. If you exceed the allowance, your service(s) may be restricted or terminated.
