

Share the value

Make managing your mobile workforce easier than ever. Pooled day plans offer a simple and economical way to share data among Corporate Responsibility Users (CRUs). Your CRUs use the data they need from their plans. Light users in your pool can help balance out heavy users at the end of the month. It's a smart way to help control costs.

BUSINESS POOLED NATION FOR DATA

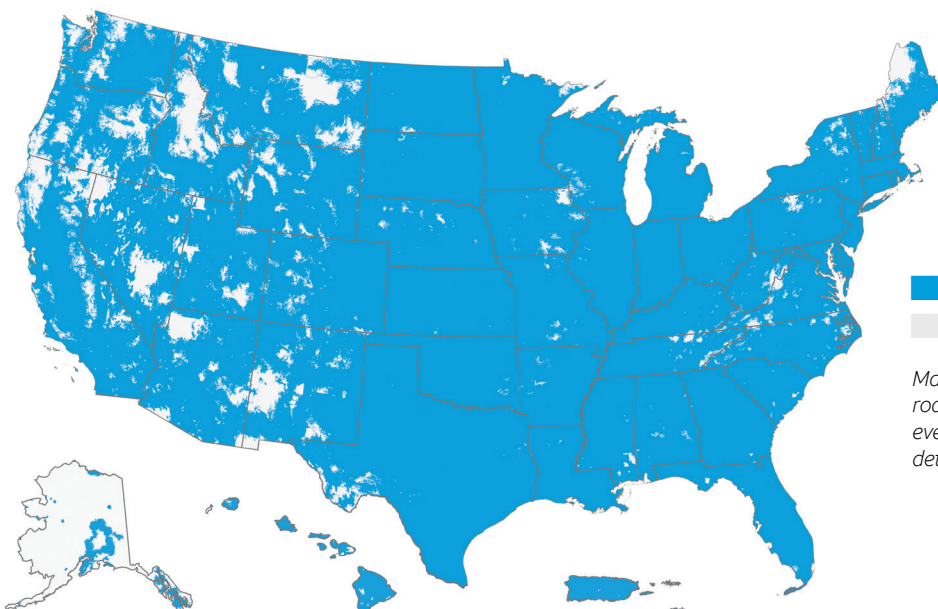

Choose your plan¹

Monthly service charge	Included domestic data allowance	Eligible devices			
		Feature Phones ²	Smartphone	Tablets, Connected Devices and Connected Cars	USB Modem/Laptop/Netbook/Notebook
\$20	300MB: <ul style="list-style-type: none"> • Internet browsing • Personal email 	✓

\$50	5GB: <ul style="list-style-type: none"> • Internet browsing • intranet access • Personal and corporate email 	✓	✓	✓	✓
\$80	10GB: <ul style="list-style-type: none"> • Internet browsing • intranet access • Personal and corporate email 	✓	✓	✓	✓

Data coverage: Pay-per-use rate of \$0.000014305/KB applies.

¹ Plans include tethering and Mobile Hotspot use for up to 5 simultaneous devices at no additional cost. Compatible device required.

² Basic and quick messaging phones only.

■ AT&T coverage area
■ No service area

Map shows approx. outdoor coverage in domestic licensed/roaming areas. Actual coverage may differ. Service not avail. everywhere. See att.com/coverageviewer for coverage details. For add'l info on 5G or 5G+, see att.com/5Gforyou.

BUSINESS POOLED NATION FOR DATA PLANS: Available only to business and government customers with a qualified AT&T wireless service agreement and only for Corporate Responsibility User ("CRU") lines of service. For terms and conditions of service, see the applicable wireless service agreement, including without limitation the Enterprise Customers: Additional Service and Equipment-Related Terms found at att.com/abs-addtl-terms (the "Business Agreement"). All prices are billed monthly. **Data:** For use in the United States (the "Domestic Coverage Area" or "DCA"). Plans also include usage in Canada for select connected vehicles only. **Data Overage:** If you exceed the amount of data in your plan during your billing period, a pay-per-use rate of \$0.000014305 per kilobyte ("KB") will apply. 1,024 KB = 1 megabyte ("MB"); 1,000 MB = 1 gigabyte ("GB"). **Video Streaming:** Includes the Stream Saver feature which allows you to save data on content it recognizes as video by streaming higher definition video in Standard Definition quality (about 480p) on compatible devices (unless the video provider has opted out). AT&T will activate the feature for you. Check your account online to see if the feature is active. Once active, you can turn it off or back on at any time online at wireless.att.com/business. Stream Saver will not recognize all video content. Ability to stream and video resolution may vary, and be affected by other factors. Restrictions apply. See att.com/stream saver for more details. **Pooled Data:** Within a single Billing Account Number ("BAN"), CRUs activated on separate Business Pooled Nation for Data Plans are combined to create a "Data Pool." Every billing cycle, each CRU first uses his or her plan's included domestic data allowance ("Data Allowance"). If a CRU does not use all of the plan's Data Allowance, it creates an underage in the amount of the unused Data Allowance ("Under Usage"). If a CRU uses more than the plan's Data Allowance, the CRU incurs Data Overage charges in the amount of the excess data usage ("Over Usage"). At the end of the billing cycle, AT&T calculates the total Under Usage amounts for CRU lines in the Data Pool and the total Over Usage amounts for CRU lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount, the excess Under Usage is allocated among each CRU in the Data Pool with Over Usage, resulting in per line credits on the invoice equal to each such CRU line's Data Overage charges on the invoice. Any remaining excess Under Usage will be forfeited. If the total Under Usage is more than zero and the total Over Usage amount exceeds the total Under Usage amount, then the Under Usage is divided by the Over Usage to create an allocation factor that is applied equally to the Data Overage charges of each CRU in the Data Pool to determine each such CRU's share of the total Under Usage amount, resulting in per line credits on the invoice to partially offset each such CRU's Data Overage charges. For example, if a Data Pool has 100 KB of Under Usage and 1000 KB of Over Usage KB (which means an allocation factor of 10%), then your invoice will show, with respect to each CRU line with Over Usage, both (a) the CRU's Data Overage charges for the CRU's data usage in excess of the plan's Data Allowance and (b) a credit equal to 10% of the CRU's Data Overage charges. Changing or migrating CRU lines to Business Pooled Nation for Data plans during a bill cycle may result in one-time prorations or other impacts to the credit calculation. If your organization's Foundation Account Number ("FAN") has multiple BANs, you may have one Data Pool for each BAN under the FAN; however, CRU lines in one Data Pool cannot take advantage of another Data Pool's Under Usage, and each CRU line can only participate in one Data Pool at a time. AT&T reserves the right to limit the number of CRU lines in a Data Pool due to business needs and system limitations. **Devices:** Devices sold separately. Installation and other device purchase costs additional. **Messaging:** If you have a phone and you do not select a messaging plan, the following pay-per-use rates apply to messages sent to and/or received within the Domestic Coverage Area: text messages – \$0.20 per message; picture/video messages – \$0.30 per message. **Wi-Fi:** Wi-Fi enabled device required. Wi-Fi access includes AT&T Wi-Fi Basic. Other restrictions apply. See attwifi.com for details and locations. **International:** Depending on your device, your service may be provisioned with access to international roaming and/or international long distance automatically once you meet our eligibility requirements. **International Roaming:** Pay-per-use rates apply if CRUs talk, text or use data while outside of the Domestic Coverage Area without a rate plan or travel package that includes that international service. International roaming rates vary, are subject to change and can be seen at att.com/intlpprates. **International Long Distance:** Pay-per-use rates apply if CRUs talk with or text someone located outside the Domestic Coverage Area without a rate plan or travel package that includes international service. International long distance talk and text rates vary by country, are subject to change and can be seen at att.com/worldconnect. **Termination of Service:** Service shall be provided to each connected vehicle until such time as: (a) Customer terminates the Service for the vehicle; (b) ownership of the vehicle is transferred to a third party and the third party or the vehicle's manufacturer requests to establish Service for the vehicle; or (c) AT&T terminates Service by exercising its rights set forth elsewhere in this Agreement. AT&T shall provide notice to Customer of termination of Service to any vehicle within 24 hrs. of termination of Service. Customer shall have the responsibility of promptly terminating Service on any vehicle for which it transfers title and Customer shall bear all costs for the Service until such time as Service is terminated pursuant to this Section. Transfer of ownership shall be deemed to occur in any way of the customary ways such transactions are conducted in the place where the vehicle is located, including, but not limited to, transfer of title for the vehicle to a third party. Customer acknowledges and agrees that: (a) AT&T shall have no obligation whatsoever to determine the facts or circumstances pertaining to any transfer of ownership for any vehicle; (b) AT&T may reasonably rely upon the request of a third party or the manufacturer of a vehicle as a basis to terminate Service for that vehicle; and (c) Customer shall hold harmless, and not assert any claims against, AT&T regarding any conveyance of any vehicle to which Service is provided. **Miscellaneous:** Additional software, hardware and/or subscription may be required for certain features. Additional device restrictions apply for access to corporate email/intranet sites and business applications using qualified plans.

GENERAL WIRELESS SERVICE TERMS: Subject to applicable Business Agreement. Service is not for resale. If AT&T determines your CRU's use of the services violates any of the applicable terms or policies found in the Business Agreement, we may in our sole discretion suspend, modify, terminate, or restrict your service. **Excessive Usage:** You get an off-net (roaming) usage allowance for your service. If you exceed the allowance, your service may be restricted or terminated. Other restrictions apply and may result in service termination. If you purchase a CRU device that requires a term commitment, an Early Termination/Cancellation Fee applies if you cancel the CRU service after the first 30 days, and before the CRU term ends. See att.com/equipmentETF for details on what fee may apply for your CRU device and how the fee is prorated over time. Activation/upgrade fee per line (up to \$45) and deposit may apply.

Credit approval may be required. AT&T reserves the right to suspend or terminate service to your account, place any non-complying device on an appropriate plan, and/or add any other required element of a plan. **Other Monthly Charges:** Apply per line and may include taxes, federal/state universal service charges, Regulatory Cost Recovery Charge (up to \$1.25), gross receipts surcharge, Administrative Fee, and other government assessments (including without limitation a Property Tax Allotment surcharge of \$0.20 – \$0.45 applied per CRU's assigned number), which are not government-required charges. **Pricing, promotions, restrictions and terms subject to change and may be modified, discontinued, or terminated at any time without notice.** **Coverage:** Coverage map shows high level approximation of areas included in and out of plan. For the most current coverage info for your area, check wireless att.com/coverageviewer. Coverage may include areas that are served by unaffiliated carriers and not on AT&T's owned and operated network (off-net). Arrangements with these carriers may change from time to time and coverage is subject to change without notice. Service is intended for use within the DCA.
