For details, go to [att.com/intcalling](http://att.com/intcalling). **AT&T Business Passport and Other International Roaming Packages:** For devices with an active recurring Passport, Passport Pro, IDPB, or other international roaming package that also covers the included Latin America countries, this feature will apply in included Latin America countries and will not reduce the existing package's talk, text and/or data allowance or trigger package charges. Service restrictions: International use aboard cruise ships and airlines is not included. **INTERNATIONAL DAY PASS (IDP) FOR BUSINESS FOR 7 DAYS AT NO COST:** Compatible phones only. **Availability:** Requires active IDP for Business feature on each line. You can add IDP for Business to the line before your CRU travels or, for CRUs with compatible smartphones only, AT&T will automatically add IDP for Business to the line if (a) the line has no other international feature; (b) the CRU uses the smartphone in an IDP Destination (see [att.com/globalcountries](http://att.com/globalcountries)) other than Canada, Mexico or an included Roam Latin America for Business country (each, a Premium Plan Country); and (c) the CRU incurs at least 5MB in international data roaming usage at pay-per-use rates (see [att.com/intppurates](http://att.com/intppurates)). Once added, IDP for Business will stay on the line until you remove it. **\$0 Daily Fee Days:** Once IDP for Business is added to a line, the standard Daily Fee will be reduced to \$0/day for up to 7 days per bill cycle. The first \$0 Daily Fee day for the line will begin the first time the CRU uses data, makes or receives a call, or sends a text message in an IDP Destination that is not a Premium Plan Country and will cover data, calls and text messages for 24 hours from that initial use; the line will then get up to 6 additional \$0 Daily Fee days, each triggered when the CRU uses their phone in an IDP Destination that is not a Premium Plan Country. Once a line has exhausted all 7 available \$0 Daily Fee days for the bill cycle, you'll be charged the then current Daily Fee for each additional 24-hour period in the bill cycle in which the CRU uses data, makes or receives a call, or sends a text message in an IDP Destination that is not a Premium Plan Country unless you remove IDP for Business from the line. Text messages received are rated as domestic and do not trigger a Daily Fee; roaming usage in Mexico, Canada, and the Latin American countries found at [att.com/latamcountries](http://att.com/latamcountries) do not trigger a Daily Fee. You will not receive a credit for any unused \$0 Daily Fee days in a bill cycle. **More Details:** Additional IDPB restrictions apply; see [att.com/idpforbiz](http://att.com/idpforbiz) for details. **PAY-PER-USE RATES:** Apply when traveling in locations not included and/or when you have not added an appropriate international usage package. For rates, see [att.com/intppurates](http://att.com/intppurates). **50% OFF MONTHLY ACCESS FOR QUALIFIED CONNECTED DEVICE:** Plan provides a per line discount of 50% off the standard non-phone monthly service charge for either one tablet activated on an AT&T Business Unlimited Premium for Tablet plan (see plan details below) or one wearable activated on an AT&T Business Unlimited for Apple Wearable or AT&T Business Unlimited for Android Wearable plan (see plan details below) in the same plan group. Excludes tablet lines active on the AT&T Business Unlimited Premium for Tablet with Turbo plan. Device charges are separate. Discount starts w/in 2 bill cycles. Pay full plan cost until discount starts. **Discount availability subject to both the number of Premium 3.0 phone lines in your plan group and the plan group limit of 10 lines. The maximum possible discount-eligible connected device lines is 5 per plan group** (for example, if your 10-line plan group includes 2 phone lines on Premium 3.0 plan and 7 phone lines on Standard 3.0 plan, you can only add 1 discount-eligible tablet or wearable line to the plan group (not 2), given the plan group's 10-line limit.) If your plan group includes both tablet lines and wearable lines, any available discount will be applied to the discount-eligible tablet line(s) first.
