Smartphones also require voice service. See your Business Agreement for available voice plan options.

Data Overage: $10/GB. Overage must be used in the billing period provided.

¹ Includes access to personal email. DataPro Enterprise plans are required for access to corporate email.

² Includes the ability to use mobile hotspot/tethering.

³ Includes access to corporate email.

AT&T Coverage Area

Map depicts an approximation of outdoor coverage. Actual coverage may differ. Coverage and service not available everywhere. For most current coverage info, check wireless.att.com/coverageviewer.
ATT DATAPRO PLANS FOR BUSINESS: Monthly plan pricing is for U.S. domestic service only. Eligibility: Available only to business customers with a qualified wireless service agreement and only for their Corporate Responsibility User (“CRU”) lines of service. For full service terms and conditions, see the applicable wireless service agreement, including, without limitation, the Additional Service- and Equipment-Related Terms found at att.com/abs-addtl-terms (the “Business Agreement”). Pricing: All prices are billed monthly. Devices: Compatible smartphone required (sold separately). Data: For use in the United States, Puerto Rico, and the U.S. Virgin Islands (the “Domestic Coverage Area”) only. Off-net (roaming) data usage may be at 2G speed. Usage is calculated in full-kilobyte increments and rounded up to the next full-kilobyte increment. Mobile hotspot use/tethering is allowed only with 5GB DataPro plan and 5GB DataPro Enterprise plans, compatible device required. Data used by devices connected to a tethering device or mobile hotspot is deducted from the data allowance. Mobile hotspot performance may vary depending on the number of devices connected, proximity and other factors. The number of devices you can connect to a mobile hotspot device depends on its capabilities. If you do not use a password, others will be able to use your mobile hotspot connection. Data Overage: If you exceed the amount of data included in your plan during your billing period, additional data will automatically be provided in increments of 1GB at $10 per GB. Data allowances, including overages, must be used in billing period provided or will be forfeited. Wi-Fi: Access to AT&T Wi-Fi Basic for Wi-Fi enabled compatible devices is included. See www.attwifi.com for additional restrictions and hotspot locations. Wi-Fi Basic terms and conditions apply. International Wi-Fi access is not included. International Roaming: Monthly plan prices do not apply to data usage while roaming. Pay-per-use rates apply if you talk, text or use data while you’re outside of the Domestic Coverage Area unless you add an international travel package that includes that international service. For most current pay-per-use data rates and available international data packages and coverage, visit att.com/global.

GENERAL WIRELESS SERVICE TERMS: Subject to applicable Business Agreement. Service is not for resale. If AT&T does not enforce any of the terms or restrictions of its service offerings, it is not a waiver of AT&T’s right to enforce those terms or restrictions. If AT&T determines your use of the services violates any of the applicable terms or policies found in the applicable Business Agreement, we may in our sole discretion suspend, modify, terminate or restrict your service. Network Management: All AT&T service is subject to AT&T network management policies. See att.com/broadbandinfo for details. Excessive Off-Net Usage: You get an off-net (roaming) usage allowance for each service. If you exceed the allowance, your service(s) may be restricted or terminated. Other restrictions apply and may result in service termination. If you purchased a device that requires a term commitment, an Early Termination/Cancellation Fee applies if you cancel CRU service after the first 30 days and before the CRU service term ends. See att.com/equipmentETF for details on what fee may apply for your device and how the fee is prorated over time. Activation/upgrade fee (up to $45) per line and deposit may apply. An activation fee may be charged if converting from a prepaid or session-based plan or when activating an additional device/line. Credit approval may be required. Line and purchase limits may apply. AT&T reserves the right to suspend or terminate service to your account, place any non-complying device on an appropriate plan, and/or add any other required element of a plan. Other Monthly Charges: Apply per line and may include taxes, federal and state universal service charges, a Regulatory Cost Recovery Charge (up to $150), a gross receipts surcharge, an Administrative Fee, and other government assessments (including without limitation a Property Tax Allotment surcharge of $0.20 - $0.45 applied per CRU’s assigned number) which are not government-required charges. Pricing, promotions, restrictions and terms subject to change and may be modified, terminated, or discontinued at any time without notice. Coverage: Coverage map shows high level approximation of areas included in and out of plan. For the most current coverage info for your area, check att.com/coverageviewer. Coverage may include areas served by unaffiliated carriers and not on AT&T’s owned and operated network (off-net). Arrangements with these carriers may change from time to time, and coverage is subject to change without notice. Service is intended for use primarily within the Domestic Coverage Area. For full service terms and conditions, see your Business Agreement.
