AT&T MOBILE SELECT – CUSTOM POOLING PLANS: Available only to business and government customers with a qualified AT&T wireless service agreement including, without limitation, the Additional Service and Equipment-Related Terms found at att.com/abs-addtl-terms (**Business Agreement**). For Corporate Responsibility User (**CRU**) lines of service only. Plans are limited to one line and require a compatible smartphone, sold separately. **All wireless services are subject to terms and conditions of your Business Agreement. PRICING:** Monthly plan pricing is for service only. **OTHER RESTRICTIONS AND FEES: Activation/upgrade fee** per line (up to $50) and deposit may apply. If you purchased a device that requires a service commitment, an **Early Termination/Cancellation Fee** applies if you cancel service after the first 30 days and before the service commitment ends. See att.com/returns for details on what fee may apply for your device and how the fee is prorated over time. Credit approval may be required. AT&T reserves the right to suspend or terminate service to your account, place any noncomplying device on an appropriate plan, and/or add any other required element of a plan. **DATA:** For use in the United States (**Domestic Coverage Area** or **DCA**) and Mexico. Tethering is allowed with compatible device for up to 5 simultaneous devices. **Data Overage:** If you exceed the total amount of data in your plan during your billing period, a pay-per-use rate of $0.000009536 per kilobyte (**KB**) will apply. 1,024 KB = 1 megabyte (MB); 1,048,576 KB = 1 gigabyte (**GB**). **POOLED DATA:** Within each billing account number (**BAN**), all CRUs activated on Mobile Select – Custom Pooling plans will be combined with any CRU lines activated on AT&T Mobile Select - Pooled plans and any CRU lines activated on select other qualified Mobile Select plans that include BAN-level pooled data with the same Data Overage rate of $0.000009536/ KB to create a "Data Pool." Every billing cycle, each CRU line first uses its plan's included data allotment (**Data Allowance**), if any. If a CRU line does not use all of its Data Allowance, it creates an underage in the amount of the unused Data Allowance (**Under Usage**). If a CRU line uses more than its Data Allowance (e.g., any CRU with a 0GB plan), the CRU line incurs Data Overage charges in the amount of the excess data usage (**Over Usage**). At the end of each billing cycle, AT&T calculates the total Under Usage and Over Usage amounts for CRU lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount, the total Under Usage is allocated among CRU lines in the Data Pool with Over Usage (if any), resulting in per line credits on your invoice equal to each such CRU line's Data Overage charges. Any remaining Under Usage will be forfeited. If the total Over Usage amount exceeds the total Under Usage amount (and the total Under Usage amount is greater than zero), the total Under Usage is divided by the total Over Usage to create an allocation factor that is applied equally to each CRU line's Data Overage charges to determine each such CRU line's share of the total Under Usage amount, resulting in per line credits on your invoice to partially offset each such CRU line's Data Overage charges. For example: if a Data Pool has a total of 100 KB of Under Usage and a total of 1,000 KB of Over Usage (which means an allocation factor of 10%), then your invoice will show, with respect to each CRU line in the Data Pool with Over Usage, both (a) the CRU line's Data Overage charges at the specified Data Overage rate, and (b) a bill credit equal to 10% of the CRU line's Data Overage charges. Migrating CRU lines to different plans during a bill cycle may result in one-time prorations or other impacts to the credit calculation. If your organization's foundation account number (**FAN**) has multiple BANs, you may have one BAN-level pooling Mobile Select Data Pool for each BAN under the FAN; however, CRU lines in one Data Pool cannot take advantage of another Data Pool's Under Usage, and each CRU line can only be part of one Data Pool at a time. AT&T reserves the right to limit the number of CRU lines in a Data Pool due to business needs and system limitations. **5G SERVICE:** Requires a compatible 5G device and plan. 5G may not be available in your area. See att.com/5Gforyou for coverage details. **5G+ SERVICE:** Requires a compatible 5G+ device and plan. 5G+ is only available in limited parts of select cities. See att.com/5Gforyou for cities. Compatible 5G+ device will display 5G+ coverage indicator when used in an area where 5G+ coverage is available. Other restrictions apply. **VIDEO STREAMING:** Plans include the Video Management feature. We aim to render streaming video in standard definition (max of 2 Mbps for customers on both 5G-enabled devices and rate plans or 1.5 Mbps for devices or plans not compatible with 5G), though some video cannot be identified. Sometimes, other content that content providers bundle with streaming video may be impacted and slowed, including downloads. In certain situations, we may deliver video content faster or at higher definition. To experience higher definition video when available, or if you have an issue, turn the feature off or back on any time at att.com/premier. Details at att.com/VideoFeature. **UNLIMITED TALK:** Includes unlimited calls within and between DCA and Mexico and from DCA and Mexico to Canada. You may be charged for calls to special or premium service numbers and calls to other countries. For rates, see att.com/internationalcalling. **UNLIMITED TEXT:** Includes unlimited messages up to 1MB in size within and from the DCA and Mexico. For texting to other countries, see att.com/text2world. Messages sent through applications may incur data or other charges. **Advanced Messaging:** Not available for use in Mexico. Other restrictions apply and can be found at att.com/advancedmessaging. **AT&T ACTIVEARMOR℠ MOBILE SECURITY:** Requires download of ActiveArmor App and acceptance of terms of service (see att.com/legal/terms.mobileSecurityEULA.html). **Spam and Fraud Call Blocking:** May not detect all threats. May inadvertently block wanted calls; settings can be adjusted in the app. Mobile Security is not available while roaming internationally. Details at att.com/security/security-apps. **COVERAGE:** Coverage map may include areas that are served by unaffiliated carriers and not on AT&T's owned and operated network (off-net). Coverage is subject to change without notice. **OFF-NET USAGE:** International and domestic off-net (roaming) data usage may be at 2G speeds. **Excessive Off-Net Usage:** You get an off-net roaming usage allowance for each service. If you exceed the allowance, your service(s) may be restricted or terminated. **ADDITIONAL AT&T FEES AND GOVT. TAXES:** Monthly AT&T fees apply per line and include Regulatory Cost Recovery Fee (up to $1.50), Administrative Fee (up to $3.49 effective August 5, 2026), Property Tax Allotment Fee ($0.20-$0.45) and other AT&T fees that are not government-required. Additional one-time Fees may apply. Govt. taxes are extra. See att.com/mobilityfees for more details. **MISCELLANEOUS:** Plans are not available in retail stores and select other channels.

All offers, pricing, options, terms, restrictions and conditions are subject to change and may be modified, discontinued or terminated at any time without notice.
