

# NetMotion Mobility™ from AT&T

## Intelligent Mobile VPN Solution

Nothing hinders business like losing connectivity when moving between locations. Fortunately, NetMotion Mobility from AT&T helps mobile workers by suspending the transmission to critical data and applications while maintaining consistent authentication until the connection is re-established. And with diagnostic and reporting capabilities, IT support can be more effective than ever.

### Where NetMotion Mobility from AT&T can help:

Moving *between* networks

Traveling across coverage gaps

Resuming use after *inactivity*

#### Simple

Both easy to install and to use

#### Single sign-on

Stay logged-in when moving across coverage areas

#### Safe and secure

Two-factor security and strong encryption keeps data safe

#### Seamless

Data transmission is suspended until you're reconnected

#### Easier to enforce

Software installed behind the firewall makes it easier to follow network-use policies. And client software on every device means full transparency to every user.
