AT&T helps over 1,500 customers operate their business by connecting them to customers, suppliers and partners through our highly secure and reliable data centers. Our data centers provide high bandwidth and low latency connections through the AT&T network, one of the most powerful and advanced IP/Multiprotocol Label Switching (MPLS) networks in the world. For decades, we’ve helped define how the data center industry operates. With the extensive global coverage at our own data centers (in locations like Amsterdam, London, Hong Kong, Singapore and Sydney) and alliances with other major data center operators, AT&T offers collocation availability at more than 300 facilities in 16 countries.

In early part of 20th century, Lithia Springs was known for its therapeutic mineral waters, but today it is a business hub with an easy approach to downtown and midtown Atlanta.

### Location

  - Conference Room: Yes
- **Telco Information**
  - NPA / NXX: 770, 739
  - CLLI Code: LTSPGA02
  - POP: ATLNGANW
  - Carriers: AT&T LNS, BellSouth, American Fiber Systems/Zayo, Comcast, TW Telecom Holdings

### Build Out
- **Types**
  - Cage, Locking Cabinets
- **Standard Rack**
  - 44U and 45U
- **Raised Floor Load**
  - 150 lbs. / sq. ft.
- **Sub Floor Load**
  - 300 lbs. / sq. ft.
- **Cross Connect**
  - Copper, fiber, coaxial
- **Remote Hands**
  - 24x7
- **Loading Dock**
  - Yes

### Electrical Capacity
- Phase I & I - 120 w/sq. ft.
- Phase III & V - 200 w/sq. ft.
- Cabinet (2.4, 4.3 & 6.2 Kw)

### UPS Configuration
- 2N
- # Utility Feeders: 2
- Standby Power Config: N+1
- Stand By Power:
  - Four 2,000 Kw and three 2,500Kw diesel generators, three 60,000 gallon underground storage tanks

### Power Distribution
- **Phase I & II**
  - 120 w/sq. ft.
- **Phase III & V**
  - 200 w/sq. ft.
- **Cabinet**
  - 2.4, 4.3 & 6.2 Kw
- **UPS Configuration**
  - 2N
- **# Utility Feeders**
  - 2
- **Standby Power Config**
  - N+1
- **Stand By Power**
  - Four 2,000 Kw and three 2,500Kw diesel generators, three 60,000 gallon underground storage tanks

### Physical Security
- **Physical**
  - Mantrap
- **Staffing**
  - 24x7
- **Electronic**
  - Closed Circuit Monitors, Secure Key Card Access, Biometrics Scanner, and Alarmed Doors

### Network
- **Internet**
  - Two 10 Gig E High speed uplinks to the AT&T IP Network
- **Redundancy**
  - Redundant and path-diverse entrances and exits

### Audit / Cert. Standards
- SSAE 16
- ISO 27001
- PCI v3.2

### Cooling
- **HVAC Distribution**
  - N+1
- **HVAC System**
  - N+1
- **Chillers**
  - Five 600 ton Chillers/ Cooling Towers with three 1600 gallon onsite make-up water tanks

### Fire Protection
- **Fire Alarm**
  - VESDA Smoke Detection and Conventional Addressable Fire Alarm System
- **Fire Suppression**
  - Pre-Action Dry Pipe
  - Non-Equipment Areas: Wet Sprinkler

### Audit / Cert. Standards
- SSAE 16
- ISO 27001
- PCI v3.2
