About London 1 (LHR1)  AT&T helps businesses connect to their customers, suppliers and partners through our highly secure and reliable data centers. Our data centers provide high bandwidth and low latency connections through the AT&T network, one of the most powerful and advanced IP/Multiprotocol Label Switching (MPLS) networks in the world. For decades, we’ve helped define how the data center industry operates. With the extensive global coverage at our own data centers (in locations like Amsterdam, London, Hong Kong, Singapore and Sydney) and alliances with other major data center operators, AT&T offers collocation availability at more than 300 facilities in 16 countries.

The London 1 IDC is located in the Docklands/Canary Wharf area of the City of London. The area is a major business district located in East London. It is one of the UK’s two main financial centers – along with the traditional city of London – and contains many of Europe’s tallest buildings, including the second-tallest in the UK, One Canada Square. Canary Wharf is home to the world or European headquarters of numerous major banks, professional services firms and media organizations.
About London 2 (LHR2)  AT&T helps businesses connect to their customers, suppliers and partners through our highly secure and reliable data centers. Our data centers provide high bandwidth and low latency connections through the AT&T network, one of the most powerful and advanced IP/Multiprotocol Label Switching (MPLS) networks in the world. For decades, we’ve helped define how the data center industry operates. With the extensive global coverage at our own data centers (in locations like Amsterdam, London, Hong Kong, Singapore and Sydney) and alliances with other major data center operators, AT&T offers collocation availability at more than 300 facilities in 16 countries.

The London 2 IDC is located in the large town of Woking, located in the west of Surrey, England. The city has one of the busiest commuter stations in the London commuter belt, and Woking’s position along the M25 motorway facilitates commuting both into London and throughout the Home Counties. There is a large concentration of office accommodation in Woking town centre. Employers from the IT, FMCG, Engineering Services and Charities sectors are particularly well represented. Companies with global headquarters in Woking include chemical and assembly materials company Alent plc and Ambassador Theatre Group, a major international theatre organization.

### LOCATION
Goldsworth Park Trading Estate, Kestrel Way, Woking, Surrey, GU21 3BA, UK

- **From Airport:** 11 miles* from London Heathrow Airport
- **Location:** Junc 11 of M25 and head towards Woking
- **Parking:** On site parking

*approximate mileage

### PROFILE
#### Data Center
- **Overall:** 250,000 sq. ft.
- **Raised Floor:** 15,000 sq. ft.
- **Office Space:** Communal area
- **Site Area:** Light Industrial
- **Seismic Zone:** Zone 1
- **Built:** 1999
- **Retrofitted:** 2007

#### Amenities
- **Customer Lounge:** Yes
- **Conference Room:** Yes

#### Telco Information
- **NPA / NXX:** N/A
- **CLLI Code:** WKNGEN13
- **POP:** WKNGEN13DCO

### BUILD OUT
#### Types:
- Cage, Locking Cabinets
- Standard Rack: 42U x 600 mm x 1000 mm
- Raised Floor Load: 12KN / msq
- Sub Floor Load: 4.5kN on 25mm x 25mm square
- Cross Connect: Copper, fiber, coaxial
- Remote Hands: 24x7
- Loading Dock: Yes

### POWER
- **Electrical Capacity:** 185 w sq. ft.
- **4Kw per rack**
- **UPS Configuration:** 2N
- **# Utility Feeders:** N+1
- **Standby Power Config:** N+1
- **Stand By Power:** four 2000 Kw diesel generators, On site diesel fuel capacity will support 100% maximum load for a minimum of 72 hours

### FIRE PROTECTION
- **Fire Alarm:** VESDA (air sampling) smoke detection and alarm system
- **Fire Suppression:**
  - Data Center Areas: Pre-Action
  - Dry Pipe
  - Non-Equipment Areas: Wet Sprinkler

### NETWORK
- **Internet:** Two 10 Gig E High speed uplinks to the AT&T IP Network
- **Redundancy:** Redundant and path-diverse entrances and exits

### COOLING
- **HVAC Distribution:** N+2
- **HVAC System:** CRAC Air thru Floor Voids
- **Chillers:** 3 x 1040 Kw chillers

### PHYSICAL SECURITY
- **Physical:** Mantrap
- **Staffing:** 24x7
- **Electronic:** Closed Circuit Monitors, Secure Key-Card Access, Biometrics Scanner, and Alarmed Doors

### SLA
- Services historically meet or exceed 99.999% availability

### AUDIT / CERT. STANDARDS
- **• ISAE 3402**
- **• ISO 27001**
- **• PCI v3.2**
