AT&T Data Center Brief

About Hawthorne (LAX1)

AT&T helps businesses connect to their customers, suppliers and partners through our highly secure and reliable data centers. Our data centers provide high bandwidth and low latency connections through the AT&T network, one of the most powerful and advanced IP/Multiprotocol Label Switching (MPLS) networks in the world. For decades, we’ve helped define how the data center industry operates. With the extensive global coverage at our own data centers (in locations like Amsterdam, London, Hong Kong, Singapore and Sydney) and alliances with other major data center operators, AT&T offers collocation availability at more than 300 facilities in 16 countries.

The AT&T Los Angeles portfolio consist of two AT&T data centers located in Irvine, CA and Hawthorne, CA with proximity to Los Angeles area. Hawthorne is conveniently located near the Los Angeles International Airport, connected by rail to the Port of Los Angeles and downtown Los Angeles, and surrounded by multiple freeways.

### LOCATION

- **2301 W. 120th Street**
  - Hawthorne, CA 90250
- **From Airport:** 7 miles* from Los Angeles International Airport
- **Location:** 4 miles* Glenn M. Anderson I-105 East
- **Parking:** On site parking
- **Distance to Irvine:** 42 miles* *approximate mileage

### PROFILE

#### Data Center
- **Overall:** 207,207 sq. ft.
- **Colocation:** 132,018 sq. ft.
- **Office Space:** Customer Drop in Cubicles
- **Site:** 1-story
- **Site Area:** Commercial
- **Seismic Zone:** 4
- **Built:** 1962
- **Retrofitted:** 2001

#### Amenities
- **Customer Lounge:** Yes
- **Conference Room:** Yes

#### Telco Information
- **NPA / NXX:** 310/323
- **CLLI Code:** HWTHCANE
- **POP:** GRDNCA02
- **Carriers:** AT&T LNS, SBC, Wilcon

### BUILD OUT

#### Types:
- Cage, Locking Cabinets
- Standard Rack: 42U
- Raised Floor Load: 150 lbs./sq. ft.
- Sub Floor Load: 300 lbs./sq. ft.
- Cross Connect: Copper, fiber, coaxial

#### Remote Hands
- 24x7

#### Loading Dock
- Yes

### POWER

#### Electrical Capacity
- 120 w/sq. ft.
- Cabinet (2.4, 4.3 & 6.2 Kw)

#### UPS Configuration
- 2N
  - # Utility Feeders: 1

#### Stand By Power Config:
- N+1

- **Stand By Power:**
  - Four 2,000 kW diesel generators, Four 25,000 gallon underground fuel tanks

### FIRE PROTECTION

#### Fire Alarm:
- VESDA smoke detection and Conventional Addressable Fire Alarm System

- **Fire Suppression**
  - Data Center Areas: Pre-action Dry Pipe
  - Non-Equipment Areas: Wet Sprinkler

### PHYSICAL SECURITY

#### Fire Alarm:
- VESDA smoke detection and Conventional Addressable Fire Alarm System

#### Fire Suppression
- Data Center Areas: Pre-action Dry Pipe
- Non-Equipment Areas: Wet Sprinkler

- **Amenities**
  - Customer Lounge: Yes
  - Conference Room: Yes

- **Telco Information**
  - NPA / NXX: 310/323
  - CLLI Code: HWTHCANE
  - POP: GRDNCA02
  - Carriers: AT&T LNS, SBC, Wilcon

### NETWORK

- **Internet:** 10 Gig Ethernet WAN uplinks to the AT&T IP Network
- **Redundancy:** Redundant and path-diverse entrances and exits

### SLA

- Services historically meet or exceed 99.999% availability

About Irvine (LA2)  AT&T helps businesses connect to their customers, suppliers and partners through our highly secure and reliable data centers. Our data centers provide high bandwidth and low latency connections through the AT&T network, one of the most powerful and advanced IP/Multiservice Label Switching (MPLS) networks in the world. For decades, we’ve helped define how the data center industry operates. With the extensive global coverage at our own data centers (in locations like Amsterdam, London, Hong Kong, Singapore and Sydney) and alliances with other major data center operators, AT&T offers colocation availability at more than 300 facilities in 16 countries.

The AT&T Los Angeles portfolio consist of two AT&T data centers located in Irvine, CA and Hawthorne, CA with proximity to Los Angeles area.

**LOCATION**

- 2681 Kelvin Avenue
- Irvine, CA 92614

- From Airport: 3 miles* from John Wayne Airport
- Location: 1 mile* to I-405 highway
- Parking: On site parking
- Distance to Hawthorne: 42 miles* (approximate mileage)

**PROFILE**

- **Data Center**
  - Overall: 150,000 sq. ft.
  - Raised Floor: 70,580 sq. ft.
  - Office Space: Customer Drop in Cubicles
  - Site Area: Warehouse/Mfg.
  - Seismic Zone: 4
  - Built: 2000
  - Retrofitted: 2007

- **Amenities**
  - Customer Lounge: Yes
  - Conference Room: Yes

- **Telco Information**
  - NPA/NXX: 949/221
  - CLLI Code: IRVNCAOW
  - POP: IRVNCAOWHOO

**BUILD OUT**

- **Types:** Cage, Locking Cabinets
- **Standard Rack:** 42U
- **Raised Floor Load:** 150 lbs. / sq. ft.
- **Sub Floor Load:** 300 lbs. / sq. ft.
- **Cross Connect:** Copper, fiber, coaxial
- **Remote Hands:** 24x7
- **Loading Dock:** Yes

**COOLING**

- **HVAC Distribution:** N+1
- **HVAC System:** N+1
- **Chillers:** Nine 300 ton chillers/cooling towers with onsite make-up water

**FIRE PROTECTION**

- **Fire Alarm:** VESDA Smoke Detection and Conventional Addressable Fire Alarm System
- **Fire Suppression:** Data Center Areas: Pre-Action Dry Pipe
- **Non-Equipment Areas:** Wet Sprinkler

**POWER**

- **Electrical Capacity**
  - Phase 1 & 2: 150 w/sq. ft.
  - Phase 3: 200 w/sq. ft.
  - Cabinet (2.4, 4.3 & 6.2 Kw)

- **UPS Configuration:** N+1
- **# Utility Feeders:** 1
- **Standby Power Config:** N+1
- **Stand By Power:** Eight 2,000 Kw diesel generators, three 20,000 gallon and one 12,000 gallon fuel oil storage tanks

**NETWORK**

- **Internet:** 10 GB Ethernet WAN uplinks to the AT&T IP Network
- **Redundancy:** Redundant and path-diverse entrances and exits

**PHYSICAL SECURITY**

- **Physical:** Mantrap
- **Staffing:** 24x7
- **Electronic:** Closed Circuit Monitors, Secure Key-Card Access, Biometrics Scanner, and Alarmed Doors

**AUDIT / CERT. STANDARDS**

- SSAE 16
- ISO 27001
- PCI v3.2

**SLA**

- Services historically meet or exceed 99.999% availability
Thank you for your interest.

Our colocation ecosystem has several locations available in this city. Please consult your AT&T Representative or call 1-855-976-2552 for additional information.
