Coverage: For use in the United States only (excludes U.S. territories). Available only for qualified business data traffic originated on and traveling entirely over the AT&T-owned domestic 4G LTE/5G/5G+ networks (excluding microcells, AT&T Wi-Fi service, and roaming partners' networks). **Limitations:** Feature does not (a) prioritize your qualified business data traffic ahead of all other data traffic (for example, any data traffic using a different prioritization feature that offers a higher quality of service), (b) provide priority access to available network resources, or (c) provide any preemption capabilities. AT&T reserves the right to terminate, suspend or restrict the feature if use is inconsistent with its intended use or the Business Agreement. **Other Restrictions:** Performance, experience, and speed not guaranteed and may be affected by other factors such as peak network congestion, coverage, your device, and third-party limitations. **HOTSPOT DATA:** Requires compatible device. Includes up to 300GB per line per month. After 300GB, hotspot data speed slowed to max of 128Kbps for the rest of bill cycle. See att.com/5Gnetwork for details. **5G+ SERVICE:** Requires compatible 5G+ device. Coverage available only in limited locations in specific cities. See att.com/5Gnetwork for cities. Other restrictions apply. **VIDEO STREAMING:** Includes access to high-definition and 4K ultra high-definition video on compatible devices and when available. Requires eligible hardware and video source. Ability to stream, video resolution and other data usage (including speed) are not guaranteed, may vary, and may be affected by other factors. **AT&T ACTIVEARMOR® MOBILE SECURITY:** Requires compatible device and plan, download of ActiveArmor App and acceptance of terms of service (see att.com/activearmormseula). Details at att.com/activearmorapp. **Spam Risk and Auto Fraud Call Blocking:** May inadvertently block wanted calls; settings can be adjusted in the app. Some mobile security features are not available while roaming internationally. **UNLIMITED TALK:** Includes calls w/in and between the DCA, Mexico, and Canada. You may be charged for calls to special or premium service numbers and calls to other countries. For pay-per-use rates, see att.com/intlcalling. **VISUAL VOICEMAIL:** Requires compatible smartphone. For more information, see att.com/calleridinfo. **UNLIMITED TEXT:** Compatible phone and rate plan required. Includes unlimited messages up to 1MB in size within and from DCA, Mexico, and Canada. For texting to other countries, see att.com/text2world. Messages sent through applications may incur data or other charges. **Advanced Messaging:** Not available for use in Mexico and Canada. Other restrictions apply and can be found at att.com/advancedmessaging. **50% OFF MONTHLY ACCESS FOR AT&T BUSINESS INTERNATIONAL CALLING: Availability:** Plan provides a per line discount of 50% off the standard monthly service charge for AT&T Business International Calling feature. **Requires active Business International Calling feature on each line.** You can add the feature to a line by using your online account management portal (at att.com/myatt or att.com/premier, as applicable), by calling 800-331-0500 or by contacting your AT&T account representative. Discount starts w/in 2 bill cycles. Pay full feature cost until discount starts. Once added to a line, Business International Calling enables unlimited calling from the U.S. to over 85 countries and discounted calling from

the U.S. to over 140 additional countries. For details on countries and rates, go to att.com/intlcalling (select "See countries and rates" link). Countries and rates are subject to change without notice. **More Details:** Additional Business International Calling restrictions apply; see att.com/bizintlcalling for details. **ROAM LATIN AMERICA FOR BUSINESS:** Compatible phones only. **Availability: If plan is added to a CRU line that has a Block International Roaming and/or Block International Calling feature, AT&T will remove the existing block feature(s) automatically and add Roam Latin America for Business to the line. Countries:** For a list of included countries, go to att.com/latamcountries. Countries are subject to change without notice. Coverage and data speeds vary by country (may be at 3G speed) and may change without notice. Coverage not available in all areas. **Unlimited Talk, Text and Data Usage:** This feature allows you to use data in an included country, make calls between included countries and from included countries to the U.S. and any country included in International Day Pass for Business (IDPB), and send text messages in an included country without roaming charges. **Calls made to included countries while in the U.S. are not included.** Text messages received are rated as domestic. Unlimited text applies only to AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) and not to other messaging services or applications like iMessage. **Excessive Use/Abuse:** This feature is intended for roaming use by customers with a primary place of use in the DCA during periods of travel to included countries only. Predominantly using your domestic plan in one or more of the included countries may result in this feature being removed from your account. **Incidental Data Usage:** Apps on your device use data even when you may not be aware. **Calls to Non-IDPB Countries:** Calls from included Latin America countries to countries not included in IDPB will get International Long Distance (ILD) charges. For a list of IDPB countries, go to att.com/globalcountries. Pay-per-use rates apply unless you add an ILD package to your device. Rates are subject to change without notice. For details, go to att.com/intlcalling. **AT&T Business Passport and Other International Roaming Packages:** For devices with an active recurring Passport, Passport Pro, IDPB, or other international roaming package that also covers the included Latin America countries, this feature will apply in included Latin America countries and will not reduce the existing package's talk, text and/or data allowance or trigger package charges. **Service restrictions:** International use aboard cruise ships and airlines is not included. **INTERNATIONAL DAY PASS (IDP) FOR BUSINESS FOR 7 DAYS AT NO COST:** Compatible phones only. **Availability: Requires active IDP for Business feature on each line.** You can add IDP for Business to the line before your CRU travels or, for CRUs with compatible smartphones only, AT&T will automatically add IDP for Business to the line if (a) the line has no other international feature; (b) the CRU uses the smartphone in an IDP Destination (see att.com/globalcountries) other than Canada, Mexico or an included Roam Latin America for Business country (each, a **Premium Plan Country)**; and (c) the CRU incurs at least 5MB in international data roaming usage at pay-per-use rates (see att.com/intlppurates). Once added, IDP for Business will stay on the line until you remove it. **$0 Daily Fee Days:** Once IDP for Business is added to a line, the standard Daily Fee will be reduced to $0/day for up to 7 days per bill cycle. The first $0 Daily Fee day for the line will begin the first time the CRU uses data, makes or receives a call, or sends a text message in an IDP Destination that is not a Premium Plan Country and will cover data, calls and text messages for 24 hours from that initial use; the line will then get up to 6 additional $0 Daily Fee days, each triggered when the CRU uses their phone in an IDP Destination that is not a Premium Plan Country. Once a line has exhausted all 7 available $0 Daily Fee days for the bill cycle, you'll be charged the then current Daily Fee for each additional 24-hour period in the bill cycle in which the CRU uses data, makes or receives a call, or sends a text message in an IDP Destination that is not a Premium Plan Country unless you remove IDP for Business from the line. Text messages received are rated as domestic and do not trigger a Daily Fee; roaming usage in Mexico, Canada, and the Latin American countries found at att.com/latamcountries do not trigger a Daily Fee. You will not receive a credit for any unused $0 Daily Fee days in a bill cycle. **More Details:** Additional IDPB restrictions apply; see att.com/idpforbiz for details. **PAY-PER-USE RATES:** Apply when traveling in locations not included and/or when you have not added an appropriate international usage package. For rates, see att.com/intlppurates. **50% OFF MONTHLY ACCESS FOR QUALIFIED CONNECTED DEVICE:** Plan provides a per line discount of 50% off the standard non-phone monthly service charge for either one tablet activated on an AT&T Business Unlimited Premium for Tablet plan (see plan details below) or one wearable activated on an AT&T Business Unlimited for Apple Wearable or AT&T Business Unlimited for Android Wearable plan (see plan details below) in the same plan group. The maximum possible discount-eligible connected device lines is 25 per plan group** (for example, if your 50 line plan group includes 2 phone lines on Premium 3.0 plan and 47 phone lines on Standard 3.0 plan, you can only add 1 discount-eligible tablet or wearable line to the plan group (not 2), given the plan group's 50 line limit.)
