AT&T Business

AT&T Wireless Broadband

Connect wherever your business takes you.

Features

- Three plans to choose from
- Speeds up to 100mbps
- Nationwide 5G/5G+ services where available[1]

Benefits

- Connectivity when wireline options aren't available
- Connect new offices or pop-up locations quickly
- Supplement or back up a primary connection
- Consistent, predictable billing with no overage charges

AT&T Wireless Broadband plans and mobile hotspot devices provide a cost-effective wireless connection where you do business. When you need reliable connectivity fast, count on flexible AT&T Wireless Broadband for:

- Fast, secure connectivity for your business-critical applications
- A flexible connectivity option to get a pop-up, temporary, or remote business locations up and running quickly.
- A reliable connection to balance your data traffic or to serve as a backup connection to your wired solutions.

Three plans—Standard, Advanced, and Premium—enable you to choose the speed that's right for your business and keep your bottom line in check. Our plans are based on maximum speeds, not on the amount of data you use. That means no overage charges and no surprises. You'll have a bill that's predictable from month to month and fast, reliable, secure connectivity from a leader in wireless services.

[1] Requires a compatible 5G and/or 5G+ device and plan. May not be available in your area. 5G+ is available only in very limited parts of select cities. See att.com/5Gforyou for coverage details. Other restr's apply. Plans with maximum data speeds may not enable you to experience the highest available speeds when accessing 5G and/or 5G+ services.

The right plan for your business

All wireless data-only plans offer mobile broadband internet access service and can be used with a compatible 4G LTE or 5G/5G+* mobile hotspot device. Plans include High-Definition video streaming (with the Video Management feature turned off).**

Plan[1]	Monthly service charge[2]	Data restrictions[3]
AT&T Wireless Broadband Standard	$75	Data speeds up to 25 Mbps. AT&T may temporarily slow data speeds if the network is busy.
AT&T Wireless Broadband Advanced	$85	Data speeds up to 50 Mbps. AT&T may temporarily slow data speeds if the network is busy.
AT&T Wireless Broadband Premium	$105	Data speeds up to 100 Mbps. AT&T may temporarily slow data speeds if the network is busy.

Fees extra. Advertised pricing is only for plans currently offered to new and existing customers as of March 26, 2024. Brochure does not reflect retired plans available prior to that date.

* 5G/5G+ service requires a compatible device. Coverage not available everywhere. 5G+ is offered in limited locations in specific cities. See att.com/5Gforyou for details. **Plans have maximum data speeds and thus may not enable you to experience the highest available speeds when accessing 5G/5G+ services.**

** Video typically streams at standard definition. Content bundled with video may be slow to load. Go to att.com/myatt or att.com/premier (as applicable) to change your settings to view in higher definition. Details at att.com/VideoFeature.

[1] **Plans are not intended for consumer entertainment applications, continuous video streaming, web hosting, or public or guest Wi-Fi and may not be used in any manner prohibited under your Business Agreement (see prohibited network uses/activities at** http://www.att.com/abs-addtl-terms & http://www.att.com/aup). When used indoors, plans require sufficient in building cellular coverage for optimal performance.

[2] Plans are eligible for a $5/mo. discount off the plan charge when enrolled in both AutoPay and Paperless Billing. Discount starts w/in 2 bills after enrollment.

[3] Data throughput speeds are capped at a maximum available data speed, which may not provide you with the highest speed available in a location at a specific point in time. **Each plan's "up to" data speed is not guaranteed to be your actual speed**; actual speeds vary & may be affected by a number of factors, including your proximity to a cell site, cell site capacity, the number of other users connected to the same cell site, terrain, AT&T network management practices, your applications, and your in-building coverage. Data throughput speeds of up to 50 Mbps and up to 100 Mbps require a device with a Category 18 or higher modem & use where enhanced AT&T 4G LTE-Advanced service or 5G/5G+ service is available.

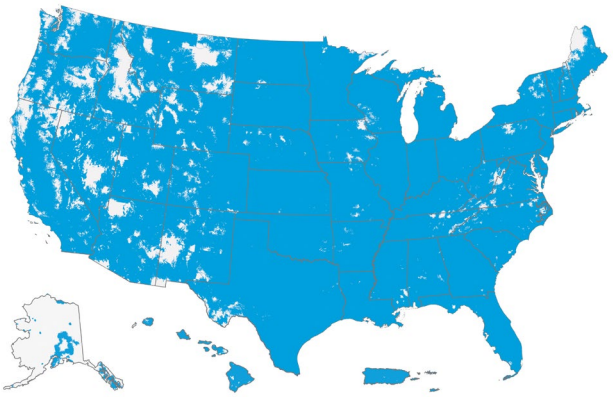

Stay connected wherever your business takes you with AT&T Wireless Broadband.

AT&T WIRELESS BROADBAND STANDARD, ADVANCED & PREMIUM PLANS: Available only to business and government customers with a qualified wireless service agreement that includes,without limitation, the Additional Service and Equipment-Related Terms found at att.com/abs-addtl-terms or comparable provisions (**Business Agreement**). For Corporate Responsibility User (**CRU**) lines of service only. Plans offer a wireless internet access service that offers you a capability for acquiring or retrieving information from; generating, storing, transforming, processing or utilizing information on; or making available information to other internet end points connected directly or indirectly via a mobile wireless connection to the AT&T network. **All wireless services are subject to the terms and conditions of your Business Agreement.** Plans are not intended for consumer entertainment applications, continuous video streaming, web hosting, or public or guest Wi-Fi and may not be used in any manner prohibited by your Business Agreement (see prohibited network uses/activities in the Additional Service and Equipment-Related Terms at att.com/abs-addtl-terms or comparable provisions & att.com/aup). **AVAILABILITY:** When used indoors, plan requires sufficient in-building cellular coverage to work optimally. Many things can affect the availability and quality of your wireless service including, but not limited to, your device and applications, your proximity to the cell site, cell site capacity, terrain, buildings, foliage, AT&T network management practices, and weather. You should assess whether there is sufficient cellular coverage (in building or otherwise) at your desired location(s). **DEVICES:** Each plan is limited to one CRU line and requires a qualified mobile hotspot device (sold separately) supporting business applications. **PRICING:** Monthly pricing includes a monthly plan charge for wireless data service ($75, $85, or $105, depending on the plan). **AutoPay & Paperless Bill Discount:** $5 discount is applied to the monthly plan charge when account is active & enrolled in both AutoPay and Paperless Billing. Discount starts within 2 bill cycles. Pay full plan cost until discount starts. **OTHER RESTRICTIONS & FEES: Activation/upgrade fee** per line (up to $50) & deposit may apply. If you purchased a device that requires a service term commitment, **an Early Termination/Cancellation Fee** applies if you cancel service after the first 30 days & before your service term ends. See att.com/equipmentETF for details on what fee may apply for your device and how the fee is prorated over time. Credit approval may be required. AT&T reserves the right to suspend or terminate service to your account, place any noncomplying device on an appropriate plan, and/or add any other required element of a plan. **ADDITIONAL MONTHLY FEES & TAXES:** Apply per line & include Regulatory Cost Recovery Charge (up to $1.50), Administrative Fee (up to $3.49 effective August 5, 2026), Property Tax Allotment surcharge ($0.20-$0.45) & other AT&T fees which are not government-required surcharges, as well as government taxes. Additional one-time Fees may apply. See att.com/mobilityfees for more details. **UNLIMITED DATA:** For use in the United States (**Domestic Coverage Area** or **DCA**) only. All AT&T service is subject to AT&T network management practices. See att.com/broadbandinfo for details. Tethering/mobile hotspot use is allowed with compatible devices. **DATA SPEEDS: AT&T Wireless Broadband Standard has a maximum data speed of 25 Mbps, AT&T Wireless Broadband Advanced has a maximum data speed of 50 Mbps, and AT&T Wireless Broadband Premium has a maximum data speed of 100 Mbps.** 50 Mbps and 100 Mbps maximum data speeds require (a) a device capable of using enhanced AT&T 4G LTE-Advanced technologies or 5G/5G+ service and (b) use where those respective services are available. Speeds vary, may be affected by a number of factors, and are not guaranteed. **DATA RESTRICTION: AT&T may temporarily slow data speeds if the network is busy. VIDEO STREAMING:** Plans include the Video Management feature. We aim to render streaming video in standard definition (max of 2 Mbps for customers on both 5G-enabled devices and rate plans or 1.5 Mbps for devices or plans not compatible with 5G) though some video cannot be identified. Sometimes, other content that content providers bundle with streaming video may be impacted and slowed, including downloads. In certain situations, we may deliver video content faster or at higher definition. To experience higher definition video when available, or if you have an issue, turn the feature off or back on any time at att.com/myatt or att.com/premier. Details at att.com/VideoFeature. **5G SERVICE:** Requires a compatible 5G device. Coverage not available everywhere. See att.com/5Gforyou for details. Because AT&T Wireless Broadband Standard, Advanced, and Premium plans have maximum data speeds, you may not experience the highest available speeds when accessing 5G service. **5G+ SERVICE:** Requires a compatible 5G+ device. Coverage available only in limited locations in specific cities. See att.com/5Gforyou for cities. Because AT&T Wireless Broadband Standard, Advanced, and Premium plans have maximum data speeds, you may not experience the highest available speeds when accessing 5G+ service. Other restrictions apply. **COVERAGE:** Coverage map may include areas that are served by unaffiliated carriers & not on AT&T's owned and operated network (off-net). Coverage is not available everywhere, subject to change without notice, and not guaranteed. **OFF-NET USAGE:** Domestic off-net (roaming) data usage may be at 2G speeds. Plans do not permit international roaming. **Excessive Off-Net Usage:** You get an off-net (roaming) usage allowance for each service (see Additional Service and Equipment-Related Terms at att.com/abs-addtl-terms or comparable provisions in your Business Agreement). If you exceed the allowance, your service(s) may be restricted or terminated. **MISCELLANEOUS:** Plans are not eligible for any CRU service discount described in your Business Agreement.

Service, features, availability, pricing, terms, restrictions & conditions subject to change & may be modified, discontinued or terminated at any time without notice.
