2-Wire Codes

- **SB-D** (Switched Access 2-wire transmission type B1- FGD Multi Frequency)
- **SB-H** (Switched Access 2-wire, 2-Wire Interface Transmission Type B1, FGB rotary dial station signaling)
- **SB-M** (Switched Access 2-wire, 2-Wire Interface Transmission Type B1, FGC dial pulse)
- **SB-X** (Switched Access 2-wire, 2-Wire Interface Transmission Type B1, FGD 800 Access Service)
- **SB-Y** (Switched Access 2-wire, 2-Wire Interface Transmission Type B1, direct inward dial line with dual tone multi frequency (MF) signaling)
- **SBAB** (Switched Access 2-wire, Trunk With Line Treatment Transmission Type B1,dual tone multi signaling 2-way)
- **SBAC** (Switched Access 2-wire, Trunk With Line Treatment Transmission Type B1,multi frequency signaling format originate only)
- **SBAE** (Switched Access 2-wire, Trunk With Line Treatment Transmission Type B1, dial pulse signaling format originate only)
- **SBAF** (Switched Access 2-wire, Trunk With Line Treatment Transmission Type B1, a dial pulse signaling format 2-way)
- **SBSA** (Switched Access 2-wire, 2W/SS7 Transmission Type B1, FGD)
- **SBSB** Switched Access 2-wire, 2W/SS7 Transmission Type B1, FGB
- **SBSC** (Switched Access 2-wire, 2W/SS7 Transmission Type B1, FGD W/DS0 CCC)
- **SBSJ** (Switched Access 2-wire, 2W/SS7 Transmission Type B1, FGD Switched 56 (PSDS))
- **SBSX** (Switched Access 2-wire, 2W/SS7 Transmission Type B1, 800 Access Service)
- **SBYA** (Switched Access 2-wire, Intercept Transmission Type I, Intercept with SS7)
- **SBYB** (Switched Access 2-wire, Intercept Transmission Type I, Intercept with MF)
- **SBYC** (Switched Access 2-wire, Intercept Transmission Type I, Intercept with automatic pulsing)
